We need your help-Trustee, Faculty, Alumni, Students.

We are only asking for your verbatim column in your own edition of the campus paper, for the columns of the AXiS. We would be happy to read any of your columns or any other proposals, or say anything you please for a Greater Wake Forest.

WE NEED A BROWN

"We need a Princeton in the South," declares the Greensboro Daily Record, "not a magazine." The immediate reason for the statement being the campus paper of that university, which has announced a budget of $4,000 to $6,000 for next year. It is reported that the editors of the Greensboro Daily Record will not be able to carry on under the same conditions to which they are accustomed.

The Brown University is one of the oldest and most famous institutions in the United States, and its students are known for their excellent work. The Brown University has a long history of producing leaders in all fields, and it is considered one of the best universities in the country.

One reason why Brown University may be better than other institutions is that it has a strong emphasis on practical experience. This is particularly important for students who want to enter the workforce after graduation. Brown University offers many opportunities for students to gain real-world experience, such as internships, research projects, and service learning programs.

Another reason why Brown University may be better than other institutions is that it has a highly ranked faculty. Brown University has a number of Nobel laureates and other accomplished scholars who teach there. This means that students have access to some of the best minds in their fields.

In conclusion, there are many reasons why Brown University may be better than other institutions. It has a strong emphasis on practical experience, a highly ranked faculty, and a strong emphasis on diversity. These factors make Brown University an excellent choice for students who want to get the most out of their college experience.

Basketball

Wake Forest vs. Davidson

Wake Forest won by a score of 88-72. The game was held in the University of North Carolina at Chapel Hill. The game was attended by many fans and was considered one of the most exciting games of the season.

What the students are saying about the game

"It was a great game! The players were so skilled and the energy in the stadium was incredible," said one student. "I'm so glad we won!"

"I think we did a great job playing defense," said another student. "We stopped them from scoring and got a lot of rebounds."

"What a day! We really deserved to win," said a third student. "I'm so happy we came out on top!"

In conclusion, the game was a great success and the students were thrilled with the outcome of the game. It was a great day for Wake Forest and a great day for basketball.

THE COMET"
Trinity Starts An Alumni Fund
Introduces Two New Ideas Into Southern College Activities

Trinity College at a recent meeting of the Alumni Council announced that the institution is taking steps to establish an Alumni Fund. This was the second step in a campaign to increase the financial support of the college from former students.

The need for more funds was brought to the attention of the council during the discussion of the summer session. It was pointed out that the present financial situation of the college would require additional funds in order to meet the needs of the institution.

In connection with the establishment of the Alumni Fund, the council also introduced two new ideas which they hope will result in increased support for the college.

Dr. Tom Deansby His Visit in “Alabem”

(jan from page 1)

The President has told the truth in a rather peremptory manner.

Dr. Tom Deansby has returned from a visit to “Alabem” where he spent several days with the President of that college, Dr. W. E. Stith. Dr. Deansby has been very kindly entertained and has had a most enjoyable time. We extend our best wishes to Dr. Deansby and hope that he will soon return to us.

THE LOWELR

W. R. BOWLEY

THE LOWELR

The owners of the college are very pleased with the changes that have been made under the direction of Dr. Deansby.

The administration building, which was completed last year, was completely destroyed by fire. The loss is estimated at $100,000.

The administration building was erected as a memorial to the late President, Dr. W. E. Stith. It was dedicated in a ceremony held last year, attended by many prominent citizens of the city.

The administration building was a landmark in the city and is greatly regretted that it should have been destroyed.

The administration building was destroyed by fire, which started in the basement and quickly spread to the other parts of the building.

The administration building was occupied by the office of the college president, the registrar’s office, the treasurer’s office, and the dormitory for the college students.

Among the many interesting events of the administration building were the regular meetings of the faculty and the student body, the alumni association, and the college library.

The administration building was a place of learning and research, and it is a great loss to the college and the community.

We extend our sympathies to the friends of Dr. Deansby and to the administration building, which was destroyed by fire.
