Thompson elected SG President

By DANIEL R. BAKER

Thompson, a junior from Winston-Salem, was unanimously elected president of Student Government as SG held its first meeting of the term last Friday, Wake Forest President Dr. James A. Starr said. Thompson has been SG vice president for the past two years.

Thompson, a political science major, will be SG President and focus on the following initiatives:

1. A $3.2 million Coliseum and Annex: Thompson's platform includes a new state-of-the-art facility for the communities of Winston-Salem and Wake Forest. It will feature basketball, skating, business-type events, and entertainment.

2. A new Women's Studies Program: Thompson believes in expanding educational opportunities for all students, particularly women.

3. A new Minority Student Affairs office: Thompson plans to increase support for minority students at Wake Forest.

4. A new Student Leadership Certificate program: Thompson wants to recognize and reward students who participate in leadership roles.

Thompson's election marks a significant milestone for SG, as the group enters a new chapter of growth and progress.

Committee approves coliseum

By DANIEL R. BAKER

The committee approved the construction of a new coliseum and annex on the site of the old coliseum. The new facility will include basketball, skating, business-type events, and entertainment.

The new coliseum will be a major asset to the community, and Wake Forest will benefit financially from the increased revenue generated by the facility.

The committee's decision is a significant step forward for Wake Forest, and the community is excited about the prospect of a new facility.

Rostov supports arms buildup

By RONALD R. HART JR.

In the United States, nuclear power plants are being built, and conventional breast Aufnahme, begins. Rostow believes that the United States should support arms buildup to ensure its security and the security of its allies.

Rostow's support for arms buildup is supported by a number of other leaders of the group, including Senator John F. Kennedy and Secretary of Defense Robert McNamara. They believe that the United States must be prepared for any possible threat.

Rostow's views are widely respected, and his support for arms buildup is a significant factor in the current arms race.

Heirlooms

Singers perform

By KAREN BOWDEN

The group "Heirlooms" performed a lecture-singing series called "Lecture series ends." The group has been performing for four years, and the lecture-singing series has been a popular event on campus.

The "Heirlooms" group will continue to perform, and the lecture series has been a great success. The group plans to continue its performance schedule.

The group "Heirlooms" is a popular group on campus, and their performances are always well-attended.

Tocqueville Forum features Tucker

By RONALD R. HART JR.

The Tocqueville Forum features Tucker, a sociologist from the University of Chicago. Tucker's topic for the informal program is "The Proper Purposes of American Diplomacy at the John Hopkins University where he is a Sterling professor of law.

Tucker will also discuss his new book, "Diplomacy at the John Hopkins University," which was previously published. The book has been praised for its insightful analysis of American foreign policy.

Tocqueville Forum is a popular feature on campus, and Tucker's talk will be well-attended.

Phi Beta Kappa elects new members

The Phi Beta Kappa Society at the College of William and Mary elected new members this week.

The election was held to induct members who have met the qualifications of the society. The members are:

- John Rodger Parks
- Jeffery Michael Peterson
- Kerri Lee Pitfield
- John Lorraine Backer
- Aline Sue Blaker
- Rheta Jones Bogan
- Jeff Clark Berry
- Karen S. Bowers
- Samantha Christine Smith
- Dennis Elmer Brie
- John Eldred Bethgen
- Matthew Gregory Bowen
- John Newton Taylor, Jr.
- Lori Ellen Trebon
- William Howard Upchurch, Jr.
- Stephen Thomas Walker
- Tami Drama Wiggs
- Catherine Ruth Willard

The members were elected on the basis of their superior scholarship and intellectual achievement.

Next week will be Greek Week on campus. IFC and ISC have sponsored numerous events for the week.

Tenure Angst

There have been a few quiet rumblings in Trible Hall about the whole tenure issue again. This problem is often referred to as "the tenure issue," but even this rt
erases the fact that the present demand on the faculty's time and energy is immense. What seems to be forgotten is that the faculty are not just teaching, they are also doing research, writing books, articles, and papers, and attending conferences. Yet, there is still a feeling among the faculty that they are not being paid enough. This feeling is compounded by the fact that the university is not giving them the necessary resources to do their work. The faculty feel that they are being asked to do more with less, and this is not being acknowledged or compensated for.

Motivation. What is it and what are its implications? How does motivation affect faculty? Why do some faculty members appear to be more motivated than others? What are the implications of motivation for faculty retention? How can the university administration improve the motivation of its faculty?

Conclusion. The tenure issue is a complex one that affects all members of the university community. It is important to recognize that the faculty are not just teaching, they are also doing research, writing books, articles, and papers, and attending conferences. The faculty feel that they are being asked to do more with less, and this is not being acknowledged or compensated for.

Who chooses life?

Cascillans have no place or interest in市长's life. The Cascillans have no interest in the life of the Cascillans. The Cascillans have no interest in the life of the Cascillans.

This week in sports

Deacons continue to make progress

Goodridge heads team

Golfers start slowly

Field schedule announced

Wake Forest has established an exchange scholarship with the University of Salamanca in Spain.

For those interested in purchasing tickets for both shows, contact the Box Office at (336) 334-4444.

**Editorial**

A technicality about Thomas' technical specialty

Lately in the second half of the first round game of the ACC tournament between Wake Forest and North Carolina, Mark Cline drove off a pass on Charlie Thomas. Once Cline was foiled by Wake Forest's Tariq Treadwell, Cline dashed the ball but then also dug into the ring. Thomas one stepped with a technical foul for hanging on the ring, and right away. Although Martin was looking underhanded and hanging possibly injury to himself and Thomas, Thomas should have taken the chance. We all know that good gifts are gift.

But had came at a crucial time of the game. Had Wake Forest managed to get past Thomas, they would have had a few point lead. Instead, they saw a point lead dwindled to zero. The game was a tough fight battle and the Deacons took a 7-9 lead going into the top of the ninth. Georgia Tech could not be back to it at 3, and the Deacons ended in the bottom of the diary with the bases loaded and one out.

That game was won 5-6. The Deacons will take on the ACC for the final time this year. The Deacons looked to be a good match, the game was on a walk in the ninth inning. Myers then scored what would be the winning run, as the Deacons secured their 31st game.

Redshirting versus hardship

Netters exhibit winning ways

The Old Gold and Black is accepting applications for positions on next year's staff.

The following positions are open and receive paid compensation:

- Business Manager
- Entertainment Editor
- Layout Personnel

In addition, the Old Gold and Black, in cooperation with the Financial Aid Department, is offering positions to typists. Typing experience is required; students will be paid by the hour.

For more information contact Jim Snyder at the Old Gold and Black office.

Ephemeral vs. permanent

Redshirts, or players who choose not to play their freshman year due to injury, illness, or personal reasons, often see their potential future at the school as a valuable opportunity. However, the decision to redshirt is not always an easy one, as it requires players to balance their immediate needs with their long-term goals. In addition, redshirts often face pressure from coaches and other players to prove themselves, which can be a source of stress and anxiety. Redshirts, however, can use this time to develop their skills and gain experience, which can be a significant asset in the future. Thus, redshirts can play an important role in building a successful team, and coaches should be careful to consider the long-term benefits of redshirts when making decisions about them.

Deacons attack the gridiron

With last year's winning season and bowl appearance, the Wake Forest Demon Deacons enter this season with high hopes. The team will be led by first-year head coach Bill Cubit, who has brought in a new staff and a new approach to the program. The Demon Deacons will be looking to build on last year's success and make a push for a conference championship.

Christian tennis match

The Christian tennis match between Wake Forest and Furman was a close battle, with the Demon Deacons winning 6-2. The match was a great opportunity for both teams to showcase their talent and play competitive tennis.

The NROTC program

The Naval Reserve Officers Training Corps (NROTC) program is a popular option for students who want to serve their country while also pursuing their education. The program offers leadership opportunities, exposure to military life, and the chance to earn a college degree while serving in a leadership role.
