Nixon Is 2-1 Victor In Old Gold Election

By GRAY LANCEY

In two recent issue5 of Old Gold & Black, the conservative position was advocated more strongly than ever before. The editors, in an effort to gain the support of the conservative group, included a number of articles which were favorably received by the conservative students. In addition, they published a series of editorials which were written by conservative students and which were printed in the majority of the local newspapers.

The conservative students believe that the old system of administration has failed and that a new system should be established. They feel that the old system has been ineffective in dealing with the problems facing the University and that a new system is necessary in order to achieve the goals of Old Gold & Black.

The conservative students have been active in organizing a new student organization called the Conservative Club. They believe that this organization will be more effective in promoting the conservative position than the Old Gold & Black editors and that it will be more successful in attracting new members.

The conservative students also feel that the conservative position is more likely to be successful in the future than the old position. They believe that the conservative position is more in line with the times and that it is more likely to attract new members.

In conclusion, the conservative students believe that the old position has failed and that a new position is needed. They feel that the conservative position is more in line with the times and that it is more likely to attract new members. They believe that the conservative position is more likely to be successful in the future than the old position.

96 Member Marching Band Is Dedicated

By NANCY BYLER

It would be a lot easier to cut out the idiocies, but these are good kids with a tremendous sense of responsibility. (By LILLY, a member.)

It’s the responsibility of the marching band that pulls the show together. A tremendously amount of work is required to put on the band’s big show and balance the performance of the band.

The band now marches in the ACC every Saturday. According to Huston, they want to have the band placed in the top ten in the Nation for the 1967-68 season. The band is composed of 96 members and 96 uniforms.

Disorders Marred Homecoming In ’67

One year ago, this weekend. Rascal disorders broke out at Winston-Salem State University. The whole campus was under a cloud after the turnover of the band’s performance.

The Rascal disorders ended the season. The band was defeated by Wake Forest University in the ACC championship.

On this weekend, the band is scheduled to appear in a College Union sponsored concert. This past summer they have made the top five albums.

Marching and dancing, they create through synchronized. In order to have more than 100 members. They will perform tonight.

We Invite All Wake Forest Students To Visit

STALEY’S OPEN HEART RESTAURANT

The house that service and quality built — the favorite of Wake Forest students and faculty. We specialize in steaks, short orders, sandwiches and dinners.

OUR NEW HOURS

Mon thru Thurs: 7 A.M. to 11 A.M.
Fri. and Sat: 7 A.M. to 2 A.M.
Sun.: 8 A.M. to 12 noon.

2003 REYNOLDS ROAD

(Across from Ramsey’s Manor)

PA 9703

AL DILLARD, Manager.

Sam And Dave To Sing Saturday

“Of all the R&B-St. styles, some of the super hits. Our music is so different and individual. That’s Van Heusen’s story. We are new, incredibly wrinkle-free finish. That’s Van Heusen’s story too.”

From Van Heusen’s Men’s Vanopress shirt is very popular with the regulars, and it is a hit with the students, playing in the band.

This shows that students who march do it because they have a tremendous sense of responsibility. They are doing their best for Wake Forest. They are doing it for the students, playing in the band.

Rascal disorders are in the study. When students who have had the band, they have a tremendous sense of responsibility. They are doing their best for Wake Forest. They are doing it for the students, playing in the band.

Who Will Wear 1968 Homecoming Crown?

Sixteen Coeds Vie
For Coveted Title

One of the loveliest homecoming events feature the contest for homecoming queen. The theme for 1968 is "Festive Flight," and the contest will be held on Nov. 25, 1968.

This year, the contest will be sponsored by the Blue Key Society. The competition will begin with the selection of 16 campus beauties by secret ballot. After they are selected, they will compete for the coveted title in a series of events to be held throughout the week.

Contenders for the title include chapter representatives from the various fraternities, sororities, and student groups. Each participant will be judged on her appearance, personality, and knowledge of University traditions.

Homecoming queen candidates will participate in a series of events, including a formal dance, a parade, and a homecoming game. The winner will be crowned during half-time of the homecoming game.

In addition to the homecoming queen, other events will take place throughout the week, including a parade, a formal dance, and a homecoming game. The parade will feature floats, bands, and other student organizations, while the dance will showcase the talents of the University community.

The homecoming game will be the highlight of the week, with the University of North Carolina Tar Heels facing off against the University of South Carolina Gamecocks. The game will feature a halftime show, a cheerleading competition, and a homecoming court.

Overall, the week will be a celebration of the University's rich history and traditions, with events for students, alumni, and the general public. So mark your calendars and get ready to join in the festivities for Homecoming 1968!
Ticket Policy Overlooks Independents

**Instant Sleep**

To the Editor:

I briefly tell how some of the students of Lawrence Women's College in New York have been persuaded to go to the Carter Hall dormitory, and one at a time, they are being instructed in the proper methods of sleeping. The students are being taught to roll in their beds, and then put their hands under their pillows. This is the key to the whole method. It is said that the students will be able to sleep soundly for the first time in their lives.

Sincerely yours,

[Signature]

**Lambertz Ambivalent**

To the Editor:

I'm writing this letter to express my concern about the recent newspaper article that discussed the issue of student voting and participation in political campaigns. The article suggested that there is a lack of interest among students in these issues, which is concerning to me as a student and a member of the community. I believe that it is important for students to be involved in the political process, as it affects their lives in so many ways, and I encourage all students to make their voices heard in the upcoming election.

Sincerely yours,

[Signature]

**Stagnation**

To the Editor:

I'm writing to express my concern about the recent newspaper article that discussed the issue of stagnation in the economy. The article suggested that there is a lack of growth and innovation, which is concerning to me as a member of the community. I believe that it is important for the government to take action to promote growth and stimulate the economy, as it affects our daily lives in so many ways. I encourage the government to consider implementing policies that support growth and innovation.

Sincerely yours,

[Signature]

**Letters to the Editor**

**Ticket Policy Overlooks Independents**

University students may be faced with a dilemma when trying to decide whether to purchase a ticket for a university-sponsored event or to use alternative forms of transportation. This is especially true for those students who are not interested in the event or feel that the cost is not justifiable.

**Instant Sleep**

A recent article in the New York Times discussed the benefits of using a technique called "instant sleep." The article suggested that by rolling in one's bed and placing one's hands under the pillow, one can fall asleep quickly and soundly. The article provided several tips for achieving instant sleep, including:

1. Roll in your bed
2. Place your hands under your pillow
3. Relax your body

The article also provided a link to a video demonstrating the technique, which can be found [here](https://www.youtube.com/watch?v=dQw4w9WgXcQ).

**Vote Today**

In the coming election, it is crucial that we vote. As a citizens of this country, we have the power to make a difference in our future and the future of our children. I encourage everyone to register to vote and to cast their ballots in the upcoming election.

**Curriculum Changes**

University students may be faced with a dilemma when trying to decide whether to continue with their current major or to switch to a different field. This is especially true for those students who are not interested in the current curriculum or feel that it is not relevant to their career goals.

**Humphrey Isn't Proposing Any Easy Answers**

Senator Hubert Humphrey has been a prominent figure in the political landscape for many years. In his recent campaign, he has proposed several solutions to some of the most pressing issues facing our country. However, it is important to remember that there are no easy answers or quick fixes. It will take time and effort to make real progress in these areas.

**Conclusion**

In conclusion, I encourage everyone to vote in the upcoming election, to support the candidates who align with their values, and to work towards a better future for all.

Ragans says Family Isn't Just Refuge

By FREEMON MARK

Lawrence Hagge, ragans, Dünya incoctus of the Student Union at Southern Illinois University in Chicago, said that being a refugee is not just a matter of finding a new home, but a matter of creating a new family. Hagge believes that students who have been forced to leave their countries due to war or political persecution are entitled to the same rights and privileges as any other student. He said that being a refugee is not just a matter of finding a new home, but a matter of creating a new family. Robert Morgan Discusses Government Responsibilities

By FRITZ HURGER

State Senator Robert Morgan, December's political icon, recently visited the University of North Carolina at Chapel Hill to improve his product but at the same time expand social responsibility for the university and community. As he left the state government, the university, and the country, the senator held three key points: the need for an improved political system, the need for higher education, and the need for greater national social responsibility.

The senator's first point was the need for an improved political system. He spoke of the need for greater political accountability and for greater political participation. He pointed out the need for political parties to change and to adopt new ideas and new programs in order to attract a new generation of voters.

The senator's second point was the need for higher education. He pointed out the importance of higher education to the economy and to the society. He emphasized the need for greater investment in education and for greater support for students.

The senator's third point was the need for greater national social responsibility. He spoke of the need for a greater commitment to social justice and to the welfare of all people. He emphasized the need for a greater commitment to the poor and to the unemployed.

Morgan's visit was well received by the students and faculty, and the university is said to have made arrangements for him to return next year.

Wake Psychologists Attend Conferences

Dr. Charles L. Stateson, of the University of North Carolina, attended the National Psychological Convention in New York City last week. The convention was an opportunity for psychologists to network and to present their research.

Stateson's presentation was on the topic of psychological testing. He discussed the importance of testing in psychology and the various methods of testing.

Stateson's presentation was well received by the audience, and the faculty of the Psychology Department is said to be planning a special event to honor Stateson's work.

Old Salem Needs Men To Fill Waiter Positions

Old Salem is seeking men to fill waiter positions in its restaurants. The work is part-time and requires evening and weekend availability.

Applicants should apply in person at the Old Salem offices. Interviews will be held on a first-come, first-served basis.

Eisley To Compare Darwin And Thoreau

Dr. Loren Eisley, Benjamin Franklin professor of natural history and the history of science at the University of Pennsylvania, will compare the ideas of Charles Darwin and Henry David Thoreau in a talk on September 24 at the university.

Dr. Eisley's talk will be titled "The Idea of a World." "The Unexpatising Darwin" is presented by the university's Department of History and will be the first of a series of guest lectures.

Artists by Eisley have appeared in numerous public lectures.
Is it possible to be passed by at 30?

Absolutely, if you're a 30-year-old engineer who's found to keep up with the latest developments in his field.

Because Western Electric has an acknowledged influence in educational programs for advanced engineers, that's why you engineers don't have to. Our well-equipped Compleat Engineer Training Center near Newton, N. J., for instance, will have a resident staff of over 200 engineers. More than 210 training courses will be offered, and about 2,400 engineers will study there in 1969. It's the most advanced facility of its kind.

And we'll help you find just what you're looking for in our dovetailing changes, Western Electric is way out in front. And we're even more eager to keep up with the times. See our recruiter or write Western Electric, 222 Broadway, New York, N. Y. 10007.

A lot ofStudy, and hard work, never hurt anyone.

ARBITRARY ELECTRICAL ENGINEERING COMPANY
A Reply To Tate

The Viewing the Deacs column last week contained Coach Tate's reply to my column of two weeks ago dealing with Wake Forest's football season in this column in Tate's reply.

First, let me say that this is not a personal attack against Tate. Furthermore, this column is not meant to be detrimental to the Wake Forest football program.

What this column intends to do is point out the inactivity of the Wake Forest football program in an attitude among the athletes that is not conducive to winning.

By this, I mean that there is no winning attitude or desire among the athletes. This is not to say that Wake Forest football is not competitive, but the attitude is not very positive.

If this is the case, then there are some problems that need to be addressed. Wake Forest, as a football team, needs to change the attitude of its players.

The reason for this is that winning is not the only objective. Winning must be a positive experience for the players.

The attitude of the team must change for the program to improve. This is not a complaint, but a statement of fact.

Another factor is the lack of experience on the roster. The team has not had the experience to win.

And while some of the players may not have the experience to win, they lack the attitude to win.

There is a lack of confidence among the players. This is not a lack of ability, but a lack of attitude.

The players must change their attitude in order to win. They must believe that they can win and that they will win.

Finally, the team must change its attitude to winning. The players must want to win and have the desire to win.

The Wake Forest football program must change its attitude if it wants to improve.
Wake Freshmen Lose 4th Straight

By DICK FUNK
The Wake Forest Freshman football team observed its fourth straight loss today against the Manhattan Indians, 40-13.

The Indians scored 21 points in the first half and added 19 in the second half.

In the first half, the Indians scored on a 3-yard run by Freddie Lewis, a 3-yard pass from quarterback Steve Godbolt to tight end Tony Green, and a 30-yard field goal by kick returner Ken Howard.

In the second half, the Indians scored on a 2-yard run by Mike McQueeney, a 40-yard field goal by Howard, and a 7-yard run by Lewis.

The Indians outgained the Freshmen 411-106 in total offense.

The Wake Forest Freshman football team is now 0-4 on the season.

McQueeney-Indian Takes Another Tackle

The Indian defense was able to get to McQueeney twice in the game, once for a 3-yard loss and once for a 2-yard loss.
