By CONNIE COLE

The problem of rats and the damage they have caused to the ground floor of the new dorm has been raised again by President Glenn Lucas, as a result of residence life problems.

The rats were first discovered by Jerry Lowen, a second-year student, who was at first afraid to live in the dorm after he saw them. However, after the Christmas holidays, the dorm residents began to discover rats in their rooms. The problem has been a headache for the dorm residents and the administration.

eight who had been forced to leave the dorm due to the rat infestation were reintegrated into the dorm, according to a spokesman for the dormitory.

The problem of rats has caused a lot of damage to the dorm, according to a spokesman for the dormitory. The dorm residents have been forced to leave their rooms and the dorm has been closed to new students.

The dorm residents have been forced to live in temporary housing while the dorm is closed. The administration has been working to find a permanent solution to the rat problem.

The dorm residents have been angry with the administration for not doing enough to solve the rat problem. They have been forced to live in temporary housing while the dorm is closed.

The administration has been working to find a permanent solution to the rat problem. They have been working with exterminators to try to get rid of the rats.
Team Second in U.S. - 1939

By JEAN K. GORDON

A 15-year-old child, after winning at a national spelling bee, is asked if she will compete in the final. "Absolutely," she replied. "The spelling bee is a big deal."

The spelling bee is a popular event among children and adults alike. It is a competition where participants must correctly spell words of increasing difficulty. The bee typically begins with individual spellers and culminates in a final round where the top spellers face each other in a one-on-one challenge to determine the champion.

The spellers are often accompanied by their parents or teachers, who provide moral support and guidance throughout the competition. The atmosphere is lively and enthusiastic, with the audience cheering on the spellers as they attempt to spell the words correctly.

Spelling bees are not just about words; they are also about the joy of learning and the recognition of hard work and dedication. They encourage students to develop a love for reading and to improve their spelling skills, which can have a positive impact on their overall academic performance.

In conclusion, spelling bees are a fun and engaging way to promote literacy and spelling skills. They are a testament to the power of competition and the importance of hard work, and they provide a valuable opportunity for students to showcase their abilities and to gain recognition for their efforts.

Tennis

The tennis match between John and Mary was the match of the year. Both players had been practicing diligently for weeks, and their skills were evident on the court. John and Mary were evenly matched, and the match was a neck-and-neck struggle. In the end, John emerged victorious with a score of 6-4, 6-2. Mary was disappointed but proud of her performance. "You're just getting better and better," Mary commented to John after the match. "Keep up the good work!"
Semester Huge Success

Venice Group ‘Lives’

By KAREN EKELIN
Staff Writer

Twenty-four students have come together to publish a magazine, "Lives," with nothing but happy memories and a wonderful student organization.

The group, now in its fourth issue, is directed by the four main students on the staff: Linda Pasquale, who is handling the editorial duties; Carla Whelan, who is handling the business duties; Robert Reynolds, who is handling the advertising duties; and Sue White, who is handling the design duties. The group has been working closely over the last few weeks, meeting two to three times a week, and planning for the first issue of the magazine.

"Lives" is a bi-monthly magazine that contains articles, editorials, and poems written by students at Venice High School. The magazine is designed to provide a platform for students to express their thoughts and ideas, and to promote a sense of community and connection within the school.

The magazine covers a wide range of topics, including student life, campus events, and important issues that affect the student body. The magazine also features a variety of articles, such as personal essays, reviews of books and movies, and interviews with guest speakers.

The staff of "Lives" is made up of a group of dedicated students who are passionate about creating a publication that reflects the diversity and spirit of Venice High School. The magazine is distributed to students and staff members, and is available for purchase at the school store.

SG Seeking To Fill Vacancies

There are seven vacancies available on the Government Department's Student Senate, and four are in the near future. The government department is currently looking for students who are interested in serving as Student Senate members.

The positions are open to all students who are currently enrolled in the Social Science Department. The Student Senate is an elected body that represents the interests of the student body to the administration.

The positions are open to students who are in good standing, both academically and socially. The positions require a commitment to attending meetings and participating in the decision-making process.

If you are interested in serving on the Student Senate, please contact the Government Department advisor for more information.

Dorm Inspection Nets Violators

By CLAUDIA BLANCH
Staff Writer

In an inspection of dorms on campus last week, the Housing Department discovered an infestation of bedbugs in one of the dorms.

The infestation was discovered during a routine inspection of the dorm, which is located on the second floor. The dorm is occupied by a group of students who had not reported any issues to the Housing Department.

The Housing Department is currently working to eradicate the infestation, and is closely monitoring the situation to ensure that the problem does not recur.

Resolve Inconsistency

The writer of this column has been quoted as saying that the lounge policy in the women's dorms may try to kill you this week. Do not give him any chance to do so. It will help you stay awake at night.

The chosen leader of the Dining Committee (Chairman, Richard Berkowitz), who submitted the proposal to the Student Senate for their consideration, stated that the proposal was necessary to provide more oil to burn in the dormitories. It would be wasteful to use oil for cooking, he said, if it was not used for heating.

President Ford has been accused of being soft on the issue of pollution. He has been criticized for not taking strong enough action to reduce the amount of pollution being emitted into the atmosphere. However, Ford has argued that his policies are the best way to address the problem of pollution.

Letters to the Editor

Athletics Issues Explained

President By Default Destroying Own Party

In the recent article on Wake Forest's athletics budget, the president of the university, Mr. Berkowitz, was quoted as saying that the budget was necessary to support the athletic department. However, the athletics department has been criticized for not being self-sustaining.

The athletics department has been accused of using the university's money to support its operations. In addition, the department has been criticized for not being transparent about its financial operations.

Ugly Waste

When a freshman at Wake Forest University, Mr. Berkowitz, was quoted as saying that the university's budget was necessary to support the athletics department, the university's president, Mr. Berkowitz, was quoted as saying that the budget was necessary to support the athletics department. However, the athletics department has been criticized for not being self-sustaining.

THEATER OPENING--Three dance and orchestra performances in dedication of the Arts newly-renovated theater in Agnes deMille, Thursday through Saturday at 8:15 p.m. All tickets $5.

Tyner: Exotic Jazz

By CHARLES JOHNSON
Staff Writer

Keystone Electronics' Tyner Quartet with Keith Jarrett, Eddie Harris, and Ron Carter provided the recorded momentum in jazz last week as the winner of the Downbeat poll as most outstanding pianist, released the album "Blue Train" and "Soul Station," Blue Train, a rhythmic reiteration of a classic piano sextet.

Tyner's quartet-reaches a runoff from his piano, backed by Eddie Harris on tenor saxophone, Ron Carter on bass, and Keystone Electronics' brilliant percussionist, one of the most innovative of the recent generation of jazz musicians.

A former assistant with the Mercury label, John Coltrane, Tyner tours at the few jazz performers who have joined "the city." His quartet has played in New York City for the past three years, appearing at the Music Hall, and has been a favorite in the club world. The quartet's latest album, "Tours of the World," has received high praise from jazz critics and fans alike.

This week the Tyner Quartet will appear at the State Theatre in New York City for the first time. The album's success has led to increased demand for his quartet's performances, and the quartet is expected to return to New York City in the near future.

Tucker Replaced

The recent death of Tucker, the Duke Theatre's leading patron, has caused a stir among Duke's student community. Tucker died last week, and the university has been left with the task of selecting a new leader for the group. Tucker was known for his support of local artists and his dedication to the arts.

The university will offer a major in arts in the fall with the signing of a new contract with Tucker. The new contract will include a $1 million donation to the university from Tucker's estate.

In addition to the major, the university will also offer a minor in arts in the fall. The minor will include courses in art history, art appreciation, and art criticism.

Two Art Majors Offered

At its annual dinner meeting held in November, the North Carolina Art Society presented a newsletter, "Art Now," to its members. The newsletter will be distributed to the North Carolina Art society members and will serve as a reference for the members of the society.

"Art Now" will include news of art events, art exhibitions, and art-related events in the area. The newsletter will be distributed quarterly and will be available to members of the society.

Concerts

Tours of the World, at its annual concert held in November, presented "Mozart's Requiem" and "Schubert's "Tristan and Isolde." The concerts were directed by Julian Lloyd Webber and presented in the university club room.

This year's concerts will include a performance of "The Magic Flute," sung by soprano with the New York City Opera and accompanied by the New York City Opera Orchestra. The concert will be directed by Richard Jones and presented in the university club room.

The concerts will be held on Saturday, February 5th, and Sunday, February 6th, at 8 p.m. in the university club room. The concerts are free to the public and will be sponsored by the university's art department.

Women’s Team To Host Elon

Wake Forest’s women’s basketball team, after dropping the first two contests in their first ACC games, hosted Elon Thursday to kick off a traditionally strong ACC season. The Deacons defeated the University of North Carolina-Chapel Hill 63-51 last Tuesday, and were riding the momentum from that victory. This week, they were looking to continue the trend.

The Deacons are currently 3-1 in ACC contests, with victories over UNC and Boston College. Elon, on the other hand, is 1-3 in ACC play. The Deacons outscored the Phoenix 50-21 in the first half of their game last Tuesday.

Wake Forest’s offense has been led by guards Lisa McHale and Marsha Mann. McHale, a senior, has scored 21 points in three games and is averaging 7.0 points per game. Mann, a junior, has scored 18 points in two games and is averaging 6.0 points per game.

Swimmers Drop Meets

The Deacons dropped both ends of their meet against Elon Saturday. The women finished the meet with a 185-115 win, while the men lost 169-131.

The Deacons’ women’s team has placed second in all five meets this season. The men’s team has placed second in three of their five meets.

The Deacons are looking to improve their ACC standing and build on their momentum from last week’s victory over Elon. With the ACC season heating up, the Deacons are hoping to make a run in the conference.

Football Office Announces Signees

By Thomas O'Boyle
Staff Writer

Coach Chuck Mills and his staff announced the addition of two new players to the Blue Devil football team earlier this week. The two new signees are defensive back Curtis Strange and Jay Flash, both of whom were selected to the 1975 Walker Cup.

Curtis Strange and Jay Flash

Wake Forest's NCAA championship defense returned yet another hometown player when Strange was selected to the 1975 Walker Cup. Curtis Strange and Jay Flash both represent the United States in international tournaments. They are expected to play against their fellow countrymen when they square off against the best collegiate teams in the world.

NCAA Individual Champion

During the signature months of March and April, the NCAA tournament was held, and it was a showcase for the nation's best golfers. Curtis Strange and Jay Flash both proved their worth by competing in the best amateur tournaments.

The selection was almost unanimous, as both Strange and Flash were the most deserving players in the field. Their performance in the NCAA tournament proved their worth, and they were selected to the world amateur team.

The selection of Strange and Flash by the Columbus Golf Club was a huge milestone for the United States and Wake Forest in their respective careers.
