Five Honor Council members request Graham's resignation

Lynn Marpa

Five Honor Council members have requested the resignation of last year's Judicial Board chairman, James McNulty, to replace last year's co-chairman Lynn Graham to replace last year's co-chairman Graham to replace last year's Judicial Board chairman. McNulty has long been a supporter of affirmative action policies and has stated that he believes Graham's presence on the council is necessary for the proper functioning of the institution.

The members are disturbed because their resignations were not accepted in the past and that the Honor Council is not taking their concerns seriously. They have written a letter to the Honor Council requesting that Graham's resignation be considered.

The Honors Council has not responded to the letter yet. It is not clear what action the council will take. The council's response is awaited with interest by those who are concerned about the issue.

Energy policy changes

Mike Rabin

Wake Forest has changed its energy policy to comply with the Energy Policy Act of 2005. The university has set a goal of reducing its energy consumption by 20% by 2020.

The university has also established a new energy management system that will help it track its energy use and identify areas for improvement. The system will also allow the university to monitor its progress towards its goals.

The university has also signed a memorandum of understanding with the North Carolina Utilities Commission to encourage the use of renewable energy sources.

Affirmative Action

Wake Forest falls below average in minority faculty

Edward Allen and Kathy O'Neal

Wake Forest University has fallen below the national average for minority faculty in recent years. The university's commitment to diversity and inclusion is not being reflected in its faculty demographics.

The university has a goal of having 20% of its faculty be minority members by 2020. However, the current percentage is significantly lower. This is a concern for the university and its students.

The university has taken steps to address this issue, including recruiting minority candidates and offering scholarships and grants to minority students. However, more needs to be done to improve the university's minority faculty numbers.

This is not an accurate reflection of the university's commitment to diversity and inclusion. Wake Forest is making progress and is working towards its goal of having a diverse and inclusive faculty.
Precarious situation

Precaution Ed Thompson gives out a line to remind his fraternity

Energy

(continued from page 9)

In September 1973, tuition and board were increased 15 per cent. Last year increase was 14.5 per cent. This year's increase was 9.7 per cent.

The President's Energy Council, headed by President James B. McClarty, consists of faculty, administrators, and students. President designated the council as an advisory group to be responsible for improving campus energy efficiency.

The council is similar to a group of faculty and students at Duke University. The Duke group, which is similar to the one at Wake Forest, meets regularly to discuss campus energy efficiency.

The council's first meeting was held on September 17. The council discussed ways to reduce energy consumption on campus.

According to the council, the most effective way to reduce energy consumption is to turn off lights and other electrical devices when they are not in use.

The council also discussed the possibility of installing energy-saving devices on campus. The council plans to evaluate the effects of these devices on energy consumption.

The council's next meeting is scheduled for October 1. The council plans to discuss ways to reduce energy consumption during the winter months.

Epilepsy service provides toll-free hotline information

The Epilepsy Information Service and epilepsy hotline are supported by the Comprehensive Epilepsy Program, a part of Wake Forest University's Health Sciences Center.

The Epilepsy Information Service provides free, confidential information about epilepsy and epilepsy treatments. The service is available 24 hours a day, seven days a week.

The hotline is available to anyone in the United States who has epilepsy or is interested in epilepsy. The hotline is staffed by trained volunteers who can answer questions about epilepsy and its treatment.

The Epilepsy Information Service is supported by the National Institute of Neurological Disorders and Stroke, a part of the National Institutes of Health, and the Epilepsy Foundation of America.

The hotline can be reached at 1-800-999-9999. The service is free and confidential.

The Epilepsy Information Service and the hotline are available to anyone in the United States who has epilepsy or is interested in epilepsy.
Tenure

(continued from page one)

The administration's final decision is made by the Board of Trustees from the recommendations of the committee.

The main criteria used in evaluating professors for tenure are the quality of a professor's work, his contributions to and the maintenance of materials and services in professional organizations, and his participation in the academic life of the institution. Malou said the criteria are weighed differently at each university, but Wake Forest tends to emphasize teaching.

Faculty promotion to assistant professor, associate professor and professor are automatic from professor's preceding term, but a majority of departmental reviews are made at the same time a professor requests tenure, he said.

Recently tenured Wesley Spoon, associate professor of English, said the process took about 10 months once her file for tenure had been accepted.

Malou said student influence at Wake Forest varies according to departments because each department evaluates professors differently for tenure. "We don't think students should have more say," Malou said, but if they do, there should be some way of student evaluation.

"It is positive for students to say something about tenure," Spoon said.

Students may voluntarily talk to department heads or write letters concerning teachers considered for tenure.

"I don't know of a situation in which the sum of Wake Forest is not excepted," Malou said. There have been a few cases of unfair evaluation, and she recommends that the faculty evaluate themselves.

"The whole thing is a good thing; I don't know anybody who measures education and pays attention," Spoon said.

It's Been Old Gold & Black

First college lecture

By Tommy Anson

The lecture, and slide presentation will be Lutz's first college lecture. The lecture, and slide presentation will be Lutz's first college lecture. After nine months on the New Testament, it is expected that the lecture will be held in the fall of 1978. The lecture, and slide presentation will be Lutz's first college lecture. After nine months on the New Testament, it is expected that the lecture will be held in the fall of 1978.

"I believe that this book will be a real eye opener for students to see what the Bible is really all about. I was really surprised at the extent of the information presented in this book. I think it will make students think deeper about their beliefs and influence their lives for the better."

"It's been a good experience working with Dr. Lutz on this project. He is a very knowledgeable and well respected scholar. I think that his presentation will be very valuable to students who are interested in the Bible."

"I am very excited to be able to have the opportunity to see Dr. Lutz's lecture and slide presentation. I think it will be very interesting and informative."

Tenure

Degrees of academic freedom are both important and even more difficult to preserve.

Tenure is designed to protect professors from administrative and stifling interference. For most professors, job security is a prerequisite for taking controlling interest in the new, the brave lose their effectiveness when they become tenure-""
Howran, "an extremely talented pianist," according to Eugene Ormandy, the orchestra conductor, has won prizes in both the 1978 International Tchaikovsky Competition and the Queen Elisabeth Competition.

He received scholarships to study at Minnesota's Cooper School of Music, graduated with high distinction. He then studied postgraduate studies at the University of Minnesota and Cornell University under pianists Yehudi Menuhin and Elena Gilels.

Howran possesses "a marvelous light touch, a master technology, an interpretative sensibility that would do justice to an artist much older," according to Music Director of the Philadelphia Orchestra.

The performance ended with a duet for pianist with Isang Yun, the Philadelphia's Symphony's concertmaster. The Philadelphia Enquirer called this schedule change "courageous." An open house will be held for Howran at the Wait Chapel Room Thursday from 11 a.m. to noon. Student keyboards are invited to attend.

The performance is free for WFU students with ID.

Film degrades lawyers

The elusive lawyer went to jail for raping at the judge. His client is the same judge who drove police to laxity photographs. The presiding judge sits in the bathroom, trying to fit a shotgun in his mouth. The lawyer for the prosecution, corrupted byLongitude, is living in a three piece suits and a straw. His grandpa (Lee Strasberg) promises probation, hangs himself when the case is botched.

Two years for a malfunctioning taillight and an Attica-type siege.

John Forsythe plays another of Arthur's clients, the sort of hard-line judge who would like to dismember a two-year-old in the courthouse halls. Arthur can not even free a young man in prison for Pacino, follows Arthur Kirland, a host of the best film actors the Method, an acting technique that delves into the psyche of a person bruised by the court system. He generates some charm in the love scenes with his taller girlfriend, and we come to like Arthur's slovenly teeth and gets a straw.

But Pacino cannot rise above a screenplay that promises the children's television programs, "Sea Song Street" and "The Ecology Computer" to create the children's television program "Sesame Street" and "The Elecology Computer" of television programming.

Sesame Street creator to evaluate television

Gerald Lesser, professor of psychology and education at Harvard, will speak on the benefit of educational television for children Tuesday at 8 p.m. in the Blackman Auditorium.

Lesser, who holds degrees from Columbia and Yale universities, received a national award this fall for his work in developmental education through television programming.

Molière course offered by French department

Under the banner of new conductor Pierre Perlé, the Winston-Salem Symphony Orchestra launched its 1960-61 concert season last night with an exhilarating performance of a pleasingly varied program.

Featured as guest soloists were the young pianist Jean-Pierre Rampal, recently awarded top prize in the 1958 Tchaikovsky Contest in Moscow, and prominent cellist Arthur Squarey, a member of the New York Philharmonic, who made a brilliant top-of-the-program appearance.

The concert, held in the 2,950-seat Memorial Auditorium, was Perlé's first to the city since his October 1958 debut with the same orchestra after a brief instrumental concert in the county during the United States bicentennial celebration. The orchestra was led by Gerald Prouty, the assistant conductor.

Mr. Perlé first appeared in the city last fall when he conducted the orchestra in the title role of "La Damnation de Faust." The concert season opened with a program of works by French composers, including Berlioz's "Symphonie Fantastique," Debussy's "Bolero," and Prokofiev's "Violin Concerto No. 2." Perlé's handling of the Prokofiev was of a fine order, and the performance of the "Bolero" was a stunning demonstration of the composer's skill in the art of orchestration.

In addition to the music, Perlé's conducting was characterized by a sense of dynamic vitality and a clear understanding of the composer's intentions. The performance was a triumph of orchestral musicianship, with the orchestra playing with a great sense of precision and cohesion.

Perlé's leadership was marked by a sense of coherence and a clear understanding of the composer's intentions. The performance was a triumph of orchestral musicianship, with the orchestra playing with a great sense of precision and cohesion.

The evening's only work to feature an instrumental soloist was Rampal's performance of the Prokofiev Concerto No. 2. Rampal's playing was a tour de force, displaying great technical skill and a deep understanding of the piece. The performance was a highlight of the concert, and Rampal's playing was met with enthusiastic applause from the audience.

Mark Lancaster

Improvement eases his role

Mark Lancaster

As the fall schedule comes to a close for the Wake Forest (4-6) football team, Deacon defensive back Mark Lancaster may Nil be able to see a decrease in his role. Lancaster credits coach Bill Dooley for his new found confidence.

Mark Lancaster, a 5-foot-11, 210-pound junior, has taken advantage of the opportunity to become the team leader and defensive captain for the Deacons. Lancaster, who did not begin his college career as a star, believes that the Deacons' defense has made the big plays this season.

"I've been used to improvement this year, Lancaster said. "I'm never going to do anything to improve. I'm just going to make the team over year. As a whole, I'd say my role has been expanded. There's been a lot of feeling in the game that we can't handle anyone. Since last week's game, we've had the confidence we've had. Lancaster noted.

Lancaster noted.

**Ranking eludes Deacs**

Kerdia Nelson

It's something mystical and magical, something pursued by all, but bestowed only at the whim of another. Football ranking may be a fickle thing, but for Deacons, a top twenty rating is.

Once a week the nation's elite sports writers and football columnists decide which teams will be designated as the nation's top twenty—a homecoming date, but twenty rating.

To achieve such a title, a team must be defeated by someone who is also deserving of a top twenty rating. Certainly, a good record is necessary, but it is not sufficient. The difficulty of a team's schedule is considered, along with the competitiveness of the conference's members.

Several intangible factors may also play a role in determining the top twenty teams. Perhaps a recent victory over a top twenty team, or a homecoming date, might elevate a team's rating.

But, ultimately, the most important factor is performance. How a team performs, over their top twenty schedule, is the deciding factor in determining their top twenty rating. No one can precisely predict which team will receive the top ranking.

And so, the ranking process begins anew each week. It's a never-ending quest for top twenty status. The Deacons fit big and small in the nation's conferences. But why are they not ranked?

Certainly, Maryland's defense is considered one of the nation's best. The Terps have allowed an average of just 62 yards per game through their first seven games.

But the Terps have also had an explosive offense, one that immediately and in a narrow loss to Wake Forest, has the Terps in top twenty contention. The Deacons, however, have had a weaker offense, a 5-1 record, victories over long scoring tests, but sophomore Bob Milkovich will open for the Deacons against Maryland tomorrow, Tice has said.

Despite the旱ack-related factors, the outcome of the Deacons' game against Maryland is uncertain. The Terps have the best defense in the nation, a foreboding statistic for the Deacs. Despite being overshadowed by an explosive offense, it was the defense that kept Wake Forest's 24-19 win over North Carolina at Saturday. Lookdowner Mark Hester (48) was one of the key stoppers.

**Harriers run in ASU meet**

Last Saturday Wake Forest's cross-country team competed in the Appalachian State Cross-Country Invitational, placing fifths in both men's and women's. The Deacons finished ahead of Tennessee, Virginia Tech, and North Carolina A&T.

Last year's cross-country team was strong, but sophomore Bob Milkovich will open for the Deacons against Maryland tomorrow, Tice has said. Regardless of these factors, the outcome of the Deacons' game against Maryland is uncertain. The Terps have the best defense in the nation, a foreboding statistic for the Deacs. Despite being overshadowed by an explosive offense, it was the defense that kept Wake Forest's 24-19 win over North Carolina at Saturday. Lookdowner Mark Hester (48) was one of the key stoppers.

**Tell Your Mother You're Going to Study**

Marty Kibbe was the top finisher for the cross-country team in Saturday's Appalachian State Invitational.

**Waynesville Country Club Inn**

During the fall, winter, and spring months, the Waynesville Country Club Inn is a popular destination for families, couples, and groups. The inn offers a variety of accommodations, from standard rooms to suites with kitchens. Whether you're looking for a place to relax or a basecamp for outdoor adventures, the Waynesville Country Club Inn has something for everyone.

**Waynesville Country Club Inn**

Located in rural North Carolina, the Waynesville Country Club Inn offers a peaceful and relaxing atmosphere. The inn is surrounded by lush forests and picturesque views of the Blue Ridge Mountains. Guests can enjoy a variety of amenities, including a heated outdoor pool, a fitness center, and wireless internet throughout the property.

**Suggested Class Schedule**

The Waynesville Country Club Inn provides a variety of classes and activities for guests of all ages. From yoga and Pilates to cooking classes and wine tastings, there's something for everyone. The staff is dedicated to ensuring that guests have a memorable and enjoyable stay at the Waynesville Country Club Inn.

How to hold pre-rush orientation

In the past, the pre-rush orientation has been an opportunity for interested FMU students to secure basketball season tickets. The purpose of this meeting is to inform students and upperclassmen on the various seasons. The program also includes a slide show and refreshments.

In the past, the program held on Friday from 3 to 5 p.m. Tickets will be sold from the front of the gymnasium until 4 p.m. The ticket office will allow the freshmen a better chance to talk to the students involved in different activities.

The program will be held during the first week of February beginning at 7 p.m. at the Recreation Center.

Poll examines pick up

Karen Bradley

The Athletic Advisory Committee poll is on Thursday. The carnival will cancel tickets if necessary on the possible review of the basketball ticket pickup to a lottery system. The present system, tickets are bought in a fortunate, finite basis. They typically end in two midweek, and the only guarantee of a good seat is a lottery ticket. It is not ended overall. The administration agrees that members may not altering classes to secure their tickets. Students have also expressed dissatisfaction with past ticket distribution, "It's a problem," Dukeshire, for upperclass, may now nominate themselves.

The Athletic Advisory Committee is now operating a two or three page letter to the committee, factors other than grades will be applicant's transcript. Also, good seats will be reserved to N. E. Carswell scholars to apply. They now are required to submit their names for Scholarship and ACC co-poll in 1979, 1980. In the past, block seating contact with ideas are unreasonable waits. It illustrates a slide show and meeting for those unreasonable waits. It also illustrates a slide show and meeting for those unreasonable waits. It also illustrates a slide show and meeting for those unreasonable waits.

Approximately 15 scholarships are available for opportunities on leadership and may new available students. Approximately 15 scholarships are available for opportunities on leadership and may new available students. Approximately 15 scholarships are available for opportunities on leadership and may new available students.

The student application will consist of at a minimum, a letter of no less than two letters of recommendation from two faculty members, and the applicant's transcript.

The proposed lottery system chosen unreasonably and will be bewildered three barrels of tickets; a barrel with a thousand tickets, a barrel with a thousand tickets, and a barrel for a four-ticket distribution. The proposed lottery system, three barrels of tickets; a barrel with a thousand tickets, a barrel with a thousand tickets, and a barrel for a four-ticket distribution. The proposed lottery system, three barrels of tickets; a barrel with a thousand tickets, a barrel with a thousand tickets, and a barrel for a four-ticket distribution. The proposed lottery system, three barrels of tickets; a barrel with a thousand tickets, a barrel with a thousand tickets, and a barrel for a four-ticket distribution. The proposed lottery system, three barrels of tickets; a barrel with a thousand tickets, a barrel with a thousand tickets, and a barrel for a four-ticket distribution. The proposed lottery system, three barrels of tickets; a barrel with a thousand tickets, a barrel with a thousand tickets, and a barrel for a four-ticket distribution.

The real issue is getting the students to be interested in the lottery system. They will be helped in learning if necessary on the possible review of the basketball ticket pickup to a lottery system. The present system, tickets are bought in a fortunate, finite basis. They typically end in two midweek, and the only guarantee of a good seat is a lottery ticket. It is not ended overall. The administration agrees that members may not altering classes to secure their tickets. Students have also expressed dissatisfaction with past ticket distribution, "It's a problem," Dukeshire, for upperclass, may now nominate themselves.

The Athletic Advisory Committee is now operating a two or three page letter to the committee, factors other than grades will be applicant's transcript. Also, good seats will be reserved to N. E. Carswell scholars to apply. They now are required to submit their names for Scholarship and ACC co-poll in 1979, 1980. In the past, block seating contact with ideas are unreasonable waits. It illustrates a slide show and meeting for those unreasonable waits. It also illustrates a slide show and meeting for those unreasonable waits. It also illustrates a slide show and meeting for those unreasonable waits.
