The university's six societies have decided to host national sororities. The societies, all members of the National Panhellenic Council, have accepted invitations to visit the campus from Oct. 6 to Oct. 10. At that time, representatives from each society will meet with the faculty, students and visitors of American Holly¬day University. The six campus societies announced these decisions to Kenneth Zieg, the vice president for student life and international programs, Sept. 7.

Senior Lori Arthur, president of the Interfraternity Council, said that the repre¬sentatives will come to meet with each of the campus societies.

The following national societies will visit campus: Omicron Delta Kappa, Alpha Delta Phi, Pi Beta Phi, Chi Omega, Delta Gamma, Alpha Alpha Phi, Alpha Chi Omega, Kappa Kappa Gamma, Eta Phi Beta, Sigma Chi, Phi Delta Theta, Phi Mu, and Sigma Alpha Mu. The participating national societies will be honored at the society's decision on Oct. 11. The decision of the Board of Regents will be held at 6 p.m. that day. The Board of Regents will be held at 6 p.m. that day.

"I am pleased with the ten societies that have been accepted," said Arthur. "They are very strongly national, and I am sure they will make a great impression on our students who will be visiting the campus.

The Interfraternity Council plans to conduct a special orientation and publicity campaign for the national sororities, which will carry information about their organization and their activities. The sororities will be given faci¬lities to establish their national sororities until the end of the fall semester. The Interfraternity Council has final¬ized plans for the new campus chapter, which will be the first to establish a chapter on the campus.

The Interfraternity Council is working with the national sororities to host a special orientation and publicity campaign for the national sororities, which will be held at the end of the fall semester. The Interfraternity Council has final¬ized plans for the new campus chapter, which will be the first to establish a chapter on the campus.
Students choose House Council officers and RSA representatives

The freshmen at the University of Texas have received a significant growth initiative within the student government organization. The freshmen class has elected its first officers for the fall semester. Approximately 50 freshmen attended the meeting to cast their votes for the positions of president, vice president, secretary, and treasurer. The elections were held on Tuesday, September 24th, 1993, from 3 p.m. to 5 p.m. in the Student Union Ballroom. The freshmen selected the following candidates:

- President: Andrew Lejuez
- Vice President: Brian Rieth
- Secretary: Todd Wilkins
- Treasurer: Louisa Hann

These candidates were elected by a majority vote. The freshmen community is looking forward to their leadership in the upcoming academic year.
Conference center wins second consecutive award for excellence

By Rachel Renshaw
New Princeton Review

The recently expanded Graylyn Conference Center was given the 1993 Award of Excellence by the Corporate and Incentive Travel magazine for the second year in a row. "It's no honor to receive such a distinction. It's a wonderful opportunity to spread the word Graylyn," said Sandra Chilton, managing director of Graylyn. Corporate and Incentive Travel magazine is published for corporate meeting planners and has a circulation of 60,000. Award winners are selected by editors whose evaluation criteria include hotels, resorts, and conference centers on service, facilities, food and beverage, function, arrangements, atmosphere, and location. Chilton said Graylyn is one of 11 hotels in the country chosen for this award in 1992 and 1993. Graylyn is frequently recognized as one of the best conference centers in the country for its commitment to excellence.

The center has also been honored among the nation's 10 best executive retreats by Ball Call (The Newspaper of Corporate and Government Affairs) among other publications. "Graylyn is a conference center in 1964. Graylyn differs from other conference centers because we are an executive center." (Graylyn) attracts a lot of corporations and medical groups. "The interaction of the people makes the difference," he said. The center won the award in 1992 and has received a total of 10 awards, he said.

The Student Union is sponsoring a second Parents' Weekend from Friday to Sunday. The entire weekend will provide array of lectures, entertainment and sporting events for students and their parents to attend. The activities will begin with parent registration at the Student Union Center from 3 to 7 p.m. Friday. Friday's activities continued Saturday beginning at 8 a.m. followed by Radcliffe's lecture, "When Do I Finally Get It?" Saturday's activities continued Sunday, beginning at 8 a.m. and concluding Sunday evening at 5 p.m. Information sessions will be held at 10 a.m. and 11 a.m. Sunday and will be held by Bill Williams, a professor of English and the vice president for special projects, and David Kies, a professor emeritus of history, who will speak on the history of the Civil War. "These programs are not meant to be a career planning forum, but to meet a college family," said senior Allan Acton, the co-chairman of the event. Parents interested in sports will be able to attend several athletic events, including the 10 a.m. and 2 p.m. Friday's activities, and 11 a.m. Saturday's activities, which will be shown in the Student Union Center from 3 to 7 p.m. at Campus Stadium, and the football game against Wake Forest Saturday at 3:30 p.m. in Groves Stadium.

"Parents and students will be able to ask several athletic questions, such as the course windows for each of their three undergraduate summers, and the willingness and ability to accept such summer employment is thus a requirement of selection. There is no obligation to work for Kemper upon graduation, though some of the over 1200 former Kemper Scholars now occupy positions of high responsibility in Kemper companies. Nominees should exhibit a high degree of maturity, seriousness, and motivation, must maintain excellent academic record, and perform intelligently during the summer work experience. Scholar grantees choose academic majors relevant to business or compatible with a career in business. The Foundation defines such fields broadly to include business, accountancy, communications, computer science, economics, and liberal arts. Interested freshmen should obtain an application and program summary from the Dean's Office, School of Business and Accountancy, Babcock 110. The completed application, a high school transcript, and a letter of recommendation from someone who has been in a position of authority over you, must be submitted to the Dean's Office, School of Business and Accountancy, no later than 5:00 p.m. on Wednesday, October 26, 1993.

Positions in advertising are open at the Old Gold Company, Black Cell Michael Pinel at Ext. 5280.

WASHINGTON - Israeli Prime Minister Yitzhak Rabin and Palestinian Liberation Organi- zation leader Yasser Arafat signed a historic agreement Monday aimed at ending two decades of mutual recrimination and non-aggression.

Arafat capped the signing ceremony by shaking hands with Rabin, a first for Israel and Palestinian leaders.

After the ceremony, Israeli officials announced they had arrested two men with bombs around or near 40 years of hostility between these two countries.

President Bill Clinton brokered the ceremony.

Clinton endorses NAF

WASHINGTON - Clinton announced Tuesday that the United States is formulating standards to ease Vietnam restrictions.

Clinton said the standards, which would gradually remove trade barriers among the United States, Canada, and Mexico, must also be in the best interest of Vietnam.

Clinton said he had informed the Vietnamese government of the standards.

NAF, which would gradually remove trade barriers with Vietnam, has been proposed in the past by Republicans Gerald R. Ford and George Bush and Democrats Ernest Moniz and Bill Clinton.

Security handled 61 calls between 7 a.m. and 9:45 a.m. Sept. 8.

It was reported by those people that they heard a loud noise from a unlocked cabinet of the security lounge between 3 p.m. and 5.

Latte was stolen from an unlocked cabinet of the security lounge between 3 p.m. and 5.

Reynolds and Field will also abide by these standards.

It is reported that the General dollar store has been robbed.

There were no ramps to the first level and no elevators to the second level.

In many places, the sidewalks are uneven or raised by overgrown tree roots. James Blackburn, the manager of the Reynolda Cafeteria, said the sidewalks are too uneven to accommodate people in wheelchairs.

Stereo equipment valued at $1,200 was stolen.

The bicycle was chained to the porch of a residence.

"Japan is no longer the province of specialists," Doak said. There is a demand "for people with training as well as skills," and this program is ideally designed to meet those needs.

Doak, who was the program director in 1992, said he was aware of the university's interest in Tokai when he went there in 1989. He said he went to Japan with Sears in May 1990 to arrange the program, attending meetings in both Seoul and Tokyo. He said that students met and toured the Tokai campus, but were not required to earn credits or meet and greet others at the university.

Horizons may broaden in overseas programs

Students are slowly but surely realizing the value of studying abroad. Amidst the buzz of making Wake Forest a study-abroad campus, there is still a sub­
time at Wake Forest that only a few are aware of. That time is spent in other places, in other countries, in other cultures.

The university's overseas programs offer students the unique opportunity to study abroad, to experience life in a new environment, and to gain a deeper understanding of the world. These programs are open to all students who are interested in learning more about different cultures and traditions.

For many students, the opportunity to study abroad is a once-in-a-lifetime experience. They get to meet new people, learn about different ways of life, and see the world from a different perspective. It is an experience that can be both challenging and rewarding, and one that can have a lasting impact on a student's life.

The experience of studying abroad is not without its challenges, however. Students may struggle with adjusting to a new culture, language, and way of life. They may also have to navigate the logistics of traveling to a new country, and the costs associated with it.

Despite these challenges, the benefits of studying abroad far outweigh the difficulties. Students who study abroad often return home with a greater appreciation for diversity, a better understanding of different cultures, and a more open-minded perspective on the world. They also develop valuable skills such as adaptability, independence, and problem-solving.

In conclusion, the overseas programs offered by Wake Forest University provide students with a unique opportunity to broaden their horizons and gain a deeper understanding of the world. While the experience can be challenging, the benefits are well worth it. Students who study abroad often return home with a greater appreciation for diversity and a more open-minded perspective on the world. They also develop valuable skills that will serve them well in their future careers and personal lives.

Find out more about Wake Forest University's overseas programs and how you can apply by visiting their website or contacting the office of International Education.

Listen and learn: Professors have much to offer

Several recent articles in The Student Newspaper discuss the importance of including perspectives from professors in student affairs. Professor McIver, a professor of English, discussed the importance of including perspectives from professors in student affairs. He emphasized the need to include the perspectives of professors in student affairs, as they have valuable insights to offer.

On the other hand, some argue that the perspectives of students should be included in student affairs. This is because students are the ones who are impacted by the decisions made in student affairs, and their perspectives are important.

In conclusion, both perspectives are valuable and should be included in student affairs. By including the perspectives of both professors and students, student affairs can make more informed decisions that benefit everyone.

The Student Newspaper encourages everyone to share their perspectives on student affairs and to participate in the decision-making process. This will help to ensure that the decisions made in student affairs are fair and just for everyone.
Squirrel harassment: new trend in campus crime scene?

"I've been asked that everyone at Wake Forest is a class of everyone else. If you have a problem on our campus, it is just one homogeneous group of people. If you have an issue with someone, it is us. The proposal itself is sound — let's prevent it from happening again.

I have a few ideas for how we can deal with this situation. First, we need to identify the people who are causing the problems. This is not a new idea, but it is important to remember that we are dealing with individuals, not groups.

Second, we need to have a clear and consistent policy in place. This will help to prevent future problems and ensure that everyone knows what is expected of them.

Third, we need to have a system in place to report and handle complaints. This will help to ensure that issues are addressed in a timely and fair manner.

Finally, we need to have a culture that values respect and consideration for others. This will help to prevent future problems and create a safer and more pleasant environment for everyone.

So, let's work together to identify the people who are causing problems, establish a clear and consistent policy, report and handle complaints, and create a culture that values respect and consideration for others. Let's make our campus a safer and more pleasant place for everyone.

Eric R. Williams
Deputy Director
Office of Public Safety
Wake Forest University

Oh, Canada! What has Mulroney done?

Let Wednesday, Canadian Prime Minister Kim Campbell called for general elections to be held Oct. 2.

Given Canada's current 11 per cent unemployment rate, the Conservatives Party will probably be swept out of office.

The move is a political climate that should not be too conducive

for the existing "peace package"

OEGB criticized

Although the majority of the article concerning The Wake Forest Critic is plagiarized, the one in the last two paragraphs is original.

First, the author states that I object to your article, as your paper has tried so hard to prove that the Mulroney administration has done nothing but divide the nation.

In the second paragraph, the author states that I object to your article, as your paper has tried so hard to prove that the Mulroney administration has done nothing but divide the nation.

In the last paragraph, the author states that I object to your article, as your paper has tried so hard to prove that the Mulroney administration has done nothing but divide the nation.

This is not the first time that the OEGB has been criticized for plagiarism. In fact, it appears that the OEGB has a pattern of copying other sources without attribution.

The OEGB should take this opportunity to address the plagiarism issues and ensure that its content is original and creditable.
Voluntarism provides hope for new generation

It is foolish to think that the "twenty-something" generation, a generalization about this country, or anyone but ourselves. This generation, defined as a generation of substance by...red, blue, and green.

Minoles of young adults beset last November to start a program that used to change, a program whose campus housed mostly on the improvement of the area around the campus.

Today's youth are not hearing about such things as homelessness, crime, violence, and drug abuse. They are therefore taking steps to bring these issues to the attention of the outside world, particularly BHI Clinton and by voluntarism.

Voluntarism throughout the country is generating trust and good will, especially in our own microcosm, and the campus is a model for campus service groups.

Today's students are not only going to college, but are getting involved with their community. High school students participate in the March of Dimes "Walk for America," with local Special Olympics programs and volunteer at hospitals.

We are making time to serve AIDS patients, prepared feeding the homeless and combat child abuse.

It seems that you have been involved with the VHS. How are you doing these things is the same, but you are volunteering as I have this year. Some students are actively participating in helping the...in the West, and student volunteers from two or three years' past.

In this situation, you can be...are not the only ones who are getting involved.

In Conclusion, Concern, Great Britain, now has developed a campus called the "Operation" for the purpose of offering medical care, and was inaugurated last year.

This generation is not a moral fallacy. It is this world coming to an abrupt stop at the end of a short story.

We are a generation on the go. We have places to go, things to do.

Our generation is often criticized for expecting too much of itself and returning too few "good". Our status from the old barometer must meet us now. However, comparing our generation is that of the baby boomers in comparison with the generations.

We are commonly being sold as we are the generat...we are the generation of "twenty-nothings". I have no fault in our ambition. The only people who are so negative about the "twenty-nineties" are those who are sitting on the sidelines, picking up the pieces, and doing nothing but writing books to solve them.

This generation is not a moral fallacy. It is this world coming to an abrupt stop at the end of a short story.
Cafe Carrera serves up the Triad's best pizza, say student reviewers

By Jennifer Fox, Kelly Huggins and Allison Leon

Cafe Carrera, named after the famed Parisian Congeretov, is the lofty, often a unique dining experience. Ordering a 'world food' from which they take their famous pizza, the restaurant offers a wide variety of choices. With a wide variety of dishes to choose from, Big Piggy was especially impressed by the menu and new to the area.

The atmosphere would not be too bad but we were the nine students, (Wednesday to Tuesday) to visit a pizza dining

Although we were running young pigeons have initiation meets new in our class, we can see about what the stores earlier without the idea of giving it a try.

In a pretty sunny Sunday afternoon I found myself walking into the famous Steven Center on downtown Wataug­na Avenue to spend the afternoon of the Friday Night In the theatre.

Yes, it was a bit difficult about this musical, what with my Lefty Kwiard's weakness. But this is a mixture in itself in our own High School. Adding the program, I was surprised by a certain meal ordered. Big Piggy was an absolute treat. We piggies purchased this nicely done and even agreed to give us the approval.

As a main event, Big Piggy or­dered Penne with Bolognese. It was a colorful selection to incorporate with just the right amount of garlic, served in a white wine sauce and topped with Parmesan cheese and pepper. Although sauced did not seem to be Big Piggy tasty right now, it was spread out, enjoying this dish.

We ordered a Barbarella Chicken with the sauce Shrimp in the house special, an impressively chápe dolce. We piggies seemed unanimously to give this our approval.

Although we were running young pigeons have initiation meets new in our class, we can see about what the stores earlier without the idea of giving it a try.

In a pretty sunny Sunday afternoon I found myself walking into the famous Steven Center on downtown Wataug­na Avenue to spend the afternoon of the Friday Night In the theatre.

Yes, it was a bit difficult about this musical, what with my Lefty Kwiard's weakness. But this is a mixture in itself in our own High School. Adding the program, I was surprised by a certain meal ordered. Big Piggy was an absolute treat. We piggies purchased this nicely done and even agreed to give us the approval.

As a main event, Big Piggy or­dered Penne with Bolognese. It was a colorful selection to incorporate with just the right amount of garlic, served in a white wine sauce and topped with Parmesan cheese and pepper. Although sauced did not seem to be Big Piggy tasty right now, it was spread out, enjoying this dish.

We ordered a Barbarella Chicken with the sauce Shrimp in the house special, an impressively chápe dolce. We piggies seemed unanimously to give this our approval.

As a main course, Big Piggy or­dered Penne with Bolognese. It was a colorful selection to incorporate with just the right amount of garlic, served in a white wine sauce and topped with Parmesan cheese and pepper. Although sauced did not seem to be Big Piggy tasty right now, it was spread out, enjoying this dish.
Secrest Series opener features Eastern European folk music, culture

The Duquesne University Tamburitzans will open the Secrest Artist Series with a presentation of Eastern European folk music, culture, song and dance.

The Friday night performance will begin at 8 in Wait Chapel. The event is one feature of Parents’ Weekend and is also open to the public.

In a two-hour musical pageant, the Tamburitzans will present the songs and dances of Croatia, Macedonia, Serbia, Bulgaria and Hungary — showing off the cultural heritage of Eastern Europe.

The group has performed throughout Europe and the Americas. In Madison, Wis., the group was touted as having “strong sounds and strong sights — all of them beautiful” — producing excellent entertainment as the Tamburitzans danced into the hearts of a Madison audience.

Originally formed at Duquesne University in 1937, the Tamburitzans feature 40 dancers, singers and drummers. The group’s trademark is the notic beat of the primitive goat-skin drum and the Macedonian zurla, a woodwind instrument that sounds much like the clarinet. But, the ensemble includes a variety of folk instruments, including the Romanian Pipes-of-Pan, the Bulgarian skinner drum and the Macedonian jora, a bowed wooden instrument. The ensemble also features the hacker, a bass drum which is very hard to the Western ear and is played in pairs in Macedonia.

Contemporary instruments like the accordion, clarinet and violin also have a place on the program.

The chanting of dissonant voices along with the haunting sounds of the sheep’s flutes add to the unusually interesting quality of their performance.

Members of the Tamburitzans ensemble sing in at least 12 languages.

The Tamburitzans performance has been referred to as a musical tour of Europe. The music, song and dance take the audience two pleasant valleys to see the spinning village dancers of the peasant or into ruged mountain country to witness the high leaps and acrobatics of the mountain folk.

Wearing hundreds of authentic costumes, the Tamburitzans capture the color and style of Eastern Europe. All costumes are either original or faithful reproductions.

In addition to Eastern European fare for the audience, the group has also performed in Panama and Uruguay.

The group is supported by Duquesne as well as many private sponsors.

Tickets for the Tamburitzans performance are $11 for adults, $9 for students and senior citizens. Group discount tickets are available for $41. For advance ticket purchases and information call Ext. 7777.

**Football falls to 0-2 as Wolfpack chews up Demon Deacons, 34-16**

By Dr. Evelyn Kellman

Earlier in the week, Wake Forest Head Coach Todd Lott and N.C. State's a better football team than Vanderbilt. Unfortunately for the Demon Deacons, the 16th ranked Wolfpack lived up to that billing by holding Wake Forest to 267 yards scored at 25:00 Sunday night at Johnson Stad.

The game was primarily characterized by missed chances and turnovers on the Wake Forest side and a record-setting performance by North Carolina State's split end, Eddie Goldsmith. Gates' activity on the N.C. State single game record was evident, as they were held in two efforts after they finally had the red zone.

"We didn't play well enough to play with a team of that caliber," Lott said. "There were too many mistakes."

The Demon Deacons began the game moving the ball, as the N.C. State 35- 
yard field goal effort was a 3-yard hold. However, the Demon Deacons failed to answer back and the visitors pushed the Wake Forest deficit to 10-3 in the first quarter, and North Carolina State's split end, Eddie Goldsmith, had the ball on the Wake Forest 50-yard line after a 21-yard effort.

Kemp took Wake Forest to the Wolfpack 30-yard line after a 25-yard pass, but Meeting's Dennis Winniak was unable to come through in the red zone, and Wake Forest was held in that area.

Kemp and his teammates took some solace in the late game play of the Deacons.

"We did well to keep them there," Lott said. "We didn't have any one good play at our disposal.

The Demon Deacons' best chance to score in the game came late in the third quarter, but Wake Forest was forced to punt by North Carolina State's split end, Eddie Goldsmith.

"Lott said. "The next half was very encouraging points against our secondary and we have a lot of work ahead to be a championship team.""

"If we play the game as well as we did today, we will be prepared for the next game," Lott said.

"We're going to get over it fast and put it behind us."
Good sportsmanship must always be upheld

By Nina Byrde

Perhaps O'Call's was experiencing andonf coach paranoia, the desire where an lead is never enough. (Hurray Coogars, are you listening?) Or maybe he was concerned about the current ability of Coach Caldwell's troops. Either way, this play in the situation is not only illogical, it's just plain stupid. If you want to be a fair, decent, and moral coach, then you must uphold the rules of this honorable and time-tested tradition: be a good sport; don't run up the score; always shake the opposing coach's hand after the game, etc.

Most coaches abide religiously by this code of honor. However, some do not follow this game plan. Therefore, it is with great pleasure that I present this week's Buddy Ryan Sportsmanship Award to N.C. State's rookie head coach, Mike O'Cain.

The 17th-ranked Wolfpack were well on their way to a 34-16 steamrolling of the Bomb Squad (or should I say Mars Probe?*) when a critical fourth down arose in Wake Forest territory. Being up by only 24 points midway through the third quarter and seeing how Wake's "potent" offense was short-circuiting the scoreboard, Coach O'Cain did exactly the same thing any other decent coach would be called for in that spot.

Bringing up only 24 points midway through the third quarter and seeing how Wake's "potent" offense was short-circuiting the scoreboard, Coach O'Cain did exactly the same thing any other decent coach would be called for in that spot.

The last thing a top 25 team needs is for an inferior team to get so fired up that they play over their heads and pull the upset. And let's face it, Wake Forest would not beat N.C. State on talent alone. So why even call such a play? Coach O'Cain is not going to make many friends by rubbing their faces in the dirt, and pulling this fake was a complete snub to Wake Forest football. Here's hoping the favor is repaid in full to Coach O'Cain, for there's nothing like a little of your own medicine to cure a disease.

Ah yes, sportsmanship. Ya gotta love it.

**Footnotes:**
*Player was weighing 6 feet 11 inches.
**Price was 142.44 when calculated at 1:16 PM on June 26, 1993.
***Be careful what you wish for, Coach Caldwell.**

Ya gotta love it.

The rules of this honorable and time-tested tradition are simple: be a good sport; don't run up the score; always shake the opposing coach's hand after the game, etc. Therefore, I hereby award this week's Buddy Ryan Sportsmanship Award to Wake Forest University's student body.

For those of you who missed Saturday's "famous" display of ingenuity, I first of all congratulate you. However, by not cheering on the Demon Deacons, you missed a great moment in the decline of eastern civilization (the pigskin years).

The 17th-ranked N.C. State Wolfpack were well on their way to a 34-16 steamrolling of the Bomb Squad (or should I say Mars Probe?) when a critical fourth down arose in Wake Forest territory. Bringing up only 24 points midway through the third quarter and seeing how Wake's "potent" offense was short-circuiting the scoreboard, Coach O'Cain did exactly the same thing any other decent coach would be called for in that spot.

**Women's cross country begins season in first**

**By Chris Graham**

The women's cross country team got off to an impressive start Saturday by winning the Western Carolina Invitational in Cullowhee.

The Deacons edged out the Clemson Tigers, apportional conference rival, by four points to claim top honors.

Wake Forest had a score of 42 compared to the Tigers' 46. This was Wake Forest's second straight victory against the Tigers in as many years.

"We were very excited to win," said Head Coach Frank Finnegan. "We knew we were doing the right things and we were ready for a strong showing."

"We are making big strides," said Senior Lisa Nammath, who was the most impressive runner of the women's cross country team last season. She took the top spot in the ACC cross country meet in 1993.

"This race was a big confidence builder," said Senior Leann Finnegan, who set a new career record in the 15k race in Cullowhee with a time of 50:40. Her victory helped lead the Deacons to a one-point win over Clemson in the team championship.

The win was the fifth time she placed in the top 10 of a collegiate race, but it was for the first time she has won an event.

**Deacons mentioned on ACC Football Superlatives list**

Senior wideout Todd Dixon has been named twice among the season's top ACC performers.

In his senior year, Dixon gained 776 yards and scored 11 touchdowns. In his career, Dixon has scored 2,096 yards, which is the number one performance in the ACC among this season's top ACC performers.

"This season has been very rewarding," said Dixon. "I have been working hard to improve my game and I am proud of the progress I have made.

"We are working on our team chemistry and we are playing well together," Dixon said. "We are a very strong and cohesive unit and we are looking forward to the rest of the season.

Senior kicker Mike Green has also been noted for his performances.

He has recorded the longest kickoff return, the longest punt return, and the longest field goal this season.

"Mike is a true leader on our team," said Coach Mike McGinty. "He has been the glue that holds our team together and we are very lucky to have him on our team.

"We are excited to see what he will do in the rest of the season and we are confident that he will continue to perform at a high level."
The Psychology behind the Citibank Classic Visa card, and the emotional security of the Photocard. The Citibank Classic Visa instills in students feelings of safety, security and general wellness not unlike those experienced in the womb. Therefore, it is the mother of all credit cards. Some experts attribute these feelings to the Citibank Photocard, the only credit card with your photo on it. A voice inside says, "This is me, really me." (As opposed to, "Who the heck is that?"—a common response to the photo on one's driver's license.) It's an immediate form of ID, a boost to your self-image. Of course if your card is ever lost or stolen and a stranger is prevented from using it, you'll feel exceptionally good (showing no signs of Credit Card Theft Nervosa). Other experts point to specific services, such as The Lost Wallet Service that can replace your card within 24 hours. Or the 24-Hour Customer Service line, your hotline, if you will, for any card-related anxiety whatsoever. Further analysis reveals three services that protect the purchases you make on the Citibank Classic Visa card, at no additional cost.

1. Buyers Security—can cover them against accidental damage, fire or theft, for 90 days from the date of purchase (preventing, of course, Insecurity).

2. Citibank Lifetime Warranty allows one to extend the warranty for the expected service life of eligible products up to 12 years. And Citibank Price Protection assures you of the best price. You need only see the same item advertised in print for less, within 60 days, and Citibank will refund the difference up to $150 (hence no Post Purchase Depression). Special student savings are particularly therapeutic. There's the free Citibank Calling Service from MCI to save up to 26% on long distance calls versus AT&T. (You're encouraged to call Mom and Dad regularly preventing Parenta Non-Supportus.) And a $20 Airfare Discount on any domestic flight.

(Case studies indicate that a Fear of Flying is overcome when Spring Break in sunny Florida is a possibility.) Not to mention the low variable interest rate of 15.4% and no annual fee for college students. Suffice it to say, you'll have a credit card you can depend on while building a credit history. So call 1-800-CITIBANK, extension 19, to apply over the phone (students don't need a job or a cosigner) or to have your photo added to your Citibank Classic Visa card. If we say that a sense of Identity is the first component of the Citibank Classic Visa card, a sense of Security the second, and a sense of Autonomous Will from your newfound financial independence the third, don't be crazy...Call.

The Monarch's Notes Version: The Citibank Classic card gives students peace of mind, protection against Freud—or rather fraud—a low rate and no fee. Apply today.
