Pledge Night may have been a little tame this year, thanks to a PREPAR seminar held Sept. 19 for freshmen of the Greek community.

The PREPAR staff worked with the Interfraternity and Intercompany councils to generate the seminar, which focused on the danger of and responsibility for date rape on college campuses.

"When you go out three times, know your plan and your limitations and be able to communicate that," said Lois Alford, a 1989 Wake Forest graduate, who often speaks on college campuses about acquaintance rape.

"We did a study of Greek freshmen who decided yes or no, but now we're talking about the responsibility of the pledger," said Alford.

Kappa Epsilon was the only fraternity estimated to have an incidence of date rape triple, which in turn increased the incidence of date rape reports. This statistic motivated some sororities to begin to use PREPAR. The women involved in PREPAR come from every Greek organization.

All freshmen were required to attend the first session in Bimestone Hall. Greeks could choose which of two seminars later in the evening to attend. Attendance was mandatory for men, and the attendance was predominantly female in both seminars because freshmen are usually anxious about attending.

Students watched a film in which five women who have been raped in college spoke of their experiences. The film warned women to be wary of situations in which dates and friends ask for personal favors such as a ride in a car or to help them with a project. In addition to the seminar, men were addressed on their responsibilities and how to address concerns for their female friends.

Junior Kim Angell, a facilitator, said, "We show something so harsh and nauseous, no one can help but see rape. It cannot be感触 touched or shaped. The buying happens, just as graphically and just as violently."

The impact of Japanese bombing on the Pearl Harbor, where six men were killed, was shown by a film produced by the Marine Corps.

"We want to show our male pledges what women go through," said Kim Angell.

Men at the seminar were asked to sign a no-drinking pledge, which was initialed by the president of the college, President Tehan. Men who signed were encouraged to attend. The audience then was asked if they know any men who were not attending. At this point, a female pledge asked, "Why don't you just show us what they're really doing?"

Senior Kim Angell, a facilitator of the film, said, "Many women who have been raped in college told me they wish that men would know what they were really doing."
Potential volunteers flock to service corps fall fair

By Tressie Mack

Page 3

Photos were due the next day. Tomorrow's deadline for the 2001-2002 service corps is Oct. 18. Between 4:30 p.m. and 6 p.m. in the Benson University Center.

The fair consisted of brief presentations by students from the larger service divisions and a booth for student volunteers to sign up for further information.

Last year, over 700 students participated in the service corps. This year's fair is in an attempt to recruit more students for the service corps.

"Turnaround involves something about Wake Forest University, the Student Bar Association, the Student Senate, a Wake Forest panel and an advisor for the corps. The students here are interested in other than themselves. Some are students in service volunteers in the near future, according to senior Nicole Dale, a service corps co-chairman. The corps plans to contact students from the administration and psychology departments to recruit volunteers.

"This will help the community while giving students the experience in their field of interest," Dale said.

The jobs that generated the most interest included Habitat for Humanity, hospitals and health clinics.

"People who are seriously interested in helping others," senior Kathy King, a co-chairwoman of the corps, said. "I think even more would get involved if we could get more kids on campus.

The fair marked the third year for the corps. Chadley Bil Chrisman, Cooper and Mary Beth Church moved the program during the summer of 1999.

SG president promotes ideals of 'Pro Humanitate' motto

By Keoniea Gunter

Farmer's Market held Friday.

Call for volunteers for the Wake Forest University team to lead the run.

For more information, students can contact the Volunteer Service Corps office in Benson University Center, second floor, or call Ext. 5230.

SG President Ehren Bush is seeking volunteers for the service corps fall fair.

She said receiving help from other societies was a great experience to her chapter. Also, she mentioned her group as being on the "front line" of service opportunities.

She added that the service corps is "a way for students to give back," an effort that is "vital" to the campus. For more information, students can contact the service corps office at Ext. 5230.

Iraq has agreed to hand over United Nations documents containing evidence of weapons of mass destruction.

President George Bush said in a speech to the U.N. General Assembly Monday that there could be no compromise in "sifting the Iraq debris of all its weapons of mass destruction."

British hostage released

MANN, United Kingdom—Tony Blair has released hostage Nicholas Winton, who helped save 669 Jews from the Nazis before World War II, and said he knew nothing.

Bush quash documents that were confiscated from Iraq and ordered him around. When asked if he knew nothing. Jack Mann said he knew nothing.

Annenia. The conflict has since resulted in a thousand people from their homes.

The Bush Administration is asking the United Nations officials Monday. The documents containing incriminating evidence about the nuclear weapons program.

The Soviet cease fire arranged

MOSCOW — President Boris Yeltsin has arranged a cease fire between the warring Soviet republics of Azerbaijan and Armenia. Yeltsin and Russian Prime Minister northern negotiated the temporary cease-fire in Novgorod, Russia.

The conflict began in 1988 in Armenia. New figures reported Wednesday a death toll of 2,500 throughout the region.

Troops seize Zaire airport

BRAZZAVILLE, Congo—French paratroopers seized the airport in Zaire's capital, Kinshasa, Wednesday and closed the airport and located stores.

The Zairean paratroopers had been pelted in several months.

College isn't always easy, but shopping at Eckerd is!

At Eckerd, we've done our homework on convenient shopping. Study the facts:

- Convenience foods, snacks and beverages
- Next-day photo processing, at all stores
- Stationery and school supplies
- Health and beauty needs
- And if you'll be out in no time flat!

Our caring, professional Eckerd Pharmacists are available to help keep you healthy... and easy-to-live-with values, like the three discount coupons on this page will keep you wealthy.

Just bring the coupons to Eckerd and study the facts. You'll learn with Eckerd it's easy to stay healthy, wealthy and wise!

Eckerd kicks off United Way campaign

The university kicked off its annual United Way fund-raising with a campaign.

Campaign chairman Stephen Benson, an associate professor in the psychology department, was out of town.

The campaign, which is scheduled to run through the rest of the year, will be followed by a "cease fire arrangement" that will make sure the man doesn't return.

Ewing said he hoped the year's campaign. "The United Way of the United States will adequately provide the community as ourselves are remind of the positive influence the United Way has had on the community and the United States.

The United Way works through offices in each community and the United Way is the perfect organization to give his money.

Ewing said, as people contribute to the United Way campaign, we all are fortunate we are part of a community.

"We would like to have every person participate in the campaign, but we cannot. United Way helps us to work together to make the community a better place.

Benson said the university also is working with the United States to support the United Way campaign and the United Way Campaign.

Colleges are the seeds of those old-care

Dean William Harland and junior Forest Mavourey entertain the crowd at the United Way kick-off kick-off Friday.

It also provides programs for students living on-campus. Parents re- ceiving a program that finishes the year will be notified.

The university employees realize the importance of giving to the United Way is evidenced by this year's amount.

Wilson Wing offers more stacks, study space

By KariAnne Salcevich

New study areas have been added to all floors that the library will close in 10 months.

On the same level there are four group study rooms, which will be carpeted and have a table and chairs for six people. These rooms can be reserved by having two students, $47 at the circulation desk. Several other group study rooms will be located on the other levels of the library.

The new addition and the main building are connected by a large atrium, which contains four to six students on the second level to the glass ceiling that arcs above the sixth level. There are large glass windows on either end of the atrium, and the main library, which is off the main level, even on an overcast day.

The new wing has only four levels on the lower level. To avoid the kind of confusion students face with eliminated levels in the Pickle Hall, the four levels are marked to match the corresponding levels in the old wing. Levels two, five and six are connected by walkways through the atrium.

Caution: Visitors will be housed in a newly- created half of the circulation floor. Channings will be in charge on the fourth floor, which will have an open plan. The other half of the atrium floor will have tables and floor with lights for those who have checked out material on self.

The information technology center was located in the Pickle Hall, the new addition, Channings said. The IT center will allow students to check out computer systems and search of the entire area.

Construction workers now use this built-in bench for a resting place during morning break, but it will eventually be a padded seat for students (left). The glass enclosed atrium makes a beautiful transition from the old wing to the new (above).

If you think victims of rape do not feel responsible, think again

Emphasis on individual needs may discourage a concern for others

T hirty years ago a question relating to student rights and responsibilities was raised: Should the college administration act as parent? They were, after all, responsible for their children. And he writes judicial opinions. Administrators profess shock that have found selective amnesia concerning the students' feelings.

Every once in a while, wounded women and men live in separate rooms. There was a nurse who was responsible for the administration of the living unit.

Emphasis on individual needs may contribute to a structure that is not a lesson taught to a woman who simply says, "No, I don't want to please anyone."

Workers deserve our respect, not our pity

The message, at least to women, is that they must be persons, not just objects. To them, people are treated as people.

There is a lot more to the "what" they give off than a mere mention of a feeling or two. It is a question of what they think, what they feel, what they are able to do.

In America, where people are often the victims of their own actions, it is a question of their freedom, their right to choose, their right to be themselves. It is a question of their right to be free, to be happy, to be able to think for themselves.

If you think that victims of rape do not feel responsible, think again.

Impressive flutist plays weak pieces

BY KEVIN ROZELL

Eastman European and Russian flute ensembles at what I expected to be. I’m not entirely sure why. Perhaps I expected more technical virtuosity. Perhaps, perhaps, perhaps, perhaps...I’m not sure why. At any rate, the performance was quite satisfyingly lyrical and expressive. The musicians could be heard clearly, and the ensemble was well balanced.

The program included works by J.S. Bach, Janacek, Hindemith, and others. The first movement was a transcription of the first movement of Beethoven’s Ninth Symphony. The second movement was a transcription of the second movement of Beethoven’s Sixth Symphony. The third movement was a transcription of the third movement of Beethoven’s Fifth Symphony. The fourth movement was a transcription of the fourth movement of Beethoven’s Sixth Symphony.

The performance was well received by the audience, who gave the musicians a standing ovation. The ensemble’s director, a member of the Eastman Faculty, expressed his gratitude for the support of the audience.

The ensemble’s next concert will be on Saturday, April 15th, at 8:00 p.m. in the Eastman School of Music’s Kleinhans Music Hall. Tickets are available at the box office or online at eastman.org.

Rush disappoints with attempt to win top 40 acceptance with "Roll The Bones"

By Bill Berge

Roll the Bones, the new album by Canadian rockers Rush, was released in early September. The band has been on hiatus since the release of their previous album, Hemispheres, in 1978.

Rush has long been known for their dynamic and powerful sound, which combines elements of rock, progressive rock, and symphonic rock. The band has sold over 60 million albums worldwide, making them one of the most successful bands in history.

The album features 14 tracks, including "By-Tor and the Snow Dog," "Flank of Steel," and "The Name of the Game." The album was produced by Mike Stern, and was recorded at the band’s own studio in Toronto.

The band has been touring to promote the album, and has been receiving positive reviews. The album is available on vinyl, CD, and digital formats.

Roll the Bones is Rush’s 19th album, and they have once again proven themselves to be one of the greatest rock bands of all time.

BONUS

Deborah Harry's career never achieved the same level of fame that her bandmates, Debbie Harry and Blonnie, did. She has always been known as the "face" of Blondie, and her striking looks and powerful vocals have made her a staple of punk rock.

Harry's career has been marked by ups and downs. She has been involved in several high-profile relationships, including with punk rock icon John Belushi, who died of a drug overdose in 1982.

Despite these challenges, Harry has continued to make music, and has released several solo albums over the years. She has also appeared in several films and TV shows, and has become a successful actress.

Harry's life and career have been the subject of several biographies, and she has been the subject of much speculation and controversy over the years.

Deborah Harry's career has been a roller coaster, and she has always remained true to herself, no matter what challenges she has faced.

**Wake Forest destroyed by Wolfpack**

In order to score points, a team must have possession of the football. It is a simple concept, but one that Wake Forest badly needed to learn last Saturday against North Carolina State. Despite being the No. 1 team in the nation, entered the game ranked eighth in the nation, was dominant, holding the Demon Deacons scoreless for the first 45 minutes and scoring 28 points in the first half alone.

The Western Conference opener was a true indicator of the quality of this football team, where the offense was able to win in a relatively dominant fashion. Wake Forest established itself as the team’s leader. He still has a good arm, throws well and can weather the storm. Heuske’s head slipped past the Cavalier defense. Raimo West was opened up on a 15-yard screen pass to Duguid, who knocked the ball into the net to clinch the upset victory for the Wolfpack. The goal by Duguid was his fourth this season, while DeYoung matched his team-leading seven with the ball into the net.

The accuracy of Wake Forest was simply unanswerable, with an opportunistic defense continuing to solidify its reputation.

Two goals in the final 10 minutes of the match. Most of the game was played in Wake Forest’s half of the field, and action in the final minutes led to a 3-0 victory. The Cavaliers scored in the final 25 yards in favor of the Demon Deacons goals. The Wolfpack scored three goals in the first half, but Wake Forest was able to prevent the Demon Deacons from scoring in the final minutes.

Although Wake Forest gave up 15 shots on goal, it controlled the game and wreaked havoc on the Demon Deacons defense. The times and ranks of the top players were Terry Weik (Men’s Soccer, 17th), Stuart Burnham (8, 24:58), Rogers (114, 35:49). Finnegan’s first appearance for the team, and his inexperience showed. In the last two games, he has been very effective and has been able to control the game and create scoring opportunities.

Wake Forest faces Michigan and Georgetown in a couple of times, which we should not for him, whatever happened,” McGinty said. “We worked our butts off, and the Wolfpack secondary was successful in this game. The men’s cross country team Jimmy Clarke (54, 26:47), Patrick Buie (58, 26:54), David Phillips, (36, 27:20), Stuart Burnham (8, 24:58), Rogers (114, 35:49). Finnegan’s first appearance for the team, and his inexperience showed. In the last two games, he has been very effective and has been able to control the game and create scoring opportunities.

Field hockey team beats Eastern Kentucky, ties Ohio University to raise record to 3-0-1

By Mikel Fitzgerald

The field hockey team moved to 1-1 on the season and 3-0-1 on the year by topping Eastern Kentucky 2-1 on Wednesday, Oct. 29, at the Concept of Domes. The Fighting Deacons had to work for the win, as they scored once in the first half and once in the second. Eastern Kentucky scored its only goal in the first half to tie the game at 1-1. However, the Fighting Deacons remained confident and continued to push the pace of the game. They outshot Eastern Kentucky 16-14 and had more shots on goal (11-7). The Fighting Deacons will look to build on this win as they prepare for their next game on Saturday against Ohio University.
