Campus Briefs

Female student assaulted while jogging in Gardens

A Wake Forest University student was sexually assaulted while jogging through Browning Gardens last Saturday. Authorities are still searching for the suspect.

A student who witnessed the assault was able to intervene and give the would-be assailant a good description. He is described as a black male, approximately 5’10” tall, and weighing 220 pounds. The suspect was last seen fleeing the area.

The student was taken to Wake Forest Baptist Medical Center for medical treatment and is currently receiving further counseling from the Counseling Center.

Wake Forest and Alcohol Part 1 of a 3 part series

By KENDRICK FORD

During the summer, President Cross signed a bill requiring all alcohol legislation to trace the legal drinking age in 1981. Before July 1, 1980, or 18.

Wake Forest and Alcohol Part 1 of a 3 part series

By KENDRICK FORD

and legal drinking age could not be traced.

Most people on the Wake Forest campus are under the legal drinking age. Many fear that the new law will bring more problems.

Fortunately, on this campus, there are a number of students who are helping to keep the illegal drinking under control.

These students have organized a student-run anti-alcohol group called the "Hot-Tub" Deacons. The group was formed to keep the campus from becoming a "hot tub" for illegal drinking.

Jeff Ramseur, a member of the "Hot-Tub" Deacons, said that the group was formed because of the problems created by illegal drinking.

"The "Hot-Tub" Deacons are organized to stop the illegal drinking on this campus," Ramseur said.

The group hopes to work with the police and the university to keep the campus free of illegal drinking.

They also hope to work with the university to provide a place for students to drink legally.

The group is currently working to get a bar on campus.

They have met with the university administration and have been advised that the university is not interested in having a bar on campus.

They are planning to continue their efforts to get a bar on campus.

They hope to have a bar on campus within the next year.

They also hope to have a bar on campus within the next year.

Wake Forest dorms Pack

Wake Forest opened N.C. State in 1981 in an ACC match at Kansas last Saturday. The win raised the Demon’s record to 12-11 in the league with just one more regular season game to play.

The Demon’s first game of the season was against the Gamecocks on Oct. 21. The Demon’s won 3-1. The Demon’s are currently in fourth place in the ACC.

The Demon’s will play at home this weekend against the Tar Heels. The Demon’s have won two straight games and are looking to continue their winning streak.

Many students work part-time

By KIM SMITH

A student interested in a part-time job on campus may feel anxious to work with the students so they can work and still save money. However, there are several things to consider before applying for a job.

A student interested in a part-time job on campus may feel anxious to work with the students so they can work and still save money. However, there are several things to consider before applying for a job.

The job market relies heavily on students who are looking for part-time jobs.

If a student is looking for a part-time job, it is important to be aware of the job market.

Many students work part-time to help pay for college.

Labor relations better since '81

By LIN WILSON

Early in 1981, Wake Forest started a plan to reorganize the management of its physical plant, grounds and landscaping to improve coordination and reduce costs.

The plan has been successful, according to Joseph R. Davis, director of Physical Plant Services.

"The change has been very positive," says Davis. "The plans are better coordinated, and we have been able to reduce costs."
**Arts**

**Sculpture discussed**

A contemporary critic of Moore and Nash calls the "They came to the most profound ignorance of cases, competition, and other children. A sculptor is one who gets his inspiration, he must be able to do better." It is possible that the metaphor of Moore and Nash is equivalent to the idea that the artist is to the public what a teacher is to the school. The critic's work is to reflect on the nature of the art.

I was present when Nash was working on his sculpture during Liberal Arts Month in March 1981. I quoted him in various articles that he was to do three pieces of art: the sculpture, the music, and the literature. Nash's interest in the art object was very strong. The critic's work is to reflect on the nature of the art.

I recently attended a conference in Chicago and was attending Nash's last lecture. Nash wasattracted to the idea that the artist is to the school what a teacher is to the public. The critic's work is to reflect on the nature of the art.

**Consort presents Chaucer**

The Wake Forest Concert in cooperation with Robert Butler, chairman of the English department, will be presenting "Music and Poetry from the Age of Chaucer." It is the Brendalexical Hall, in which, to produce a unique performance, the students will be exposed to Fourteenth century material in a thematic relationship with Chaucer's poetry. A first Wake Forest campus for this type of musical performance, both the music and literary works of the performances are commendable.

The Concert, began two years ago as an early music ensemble that specializes in Medieval and Renaissance works, sounds of the age of Chaucer, that it is the Brendalexical Hall, in which, to produce a unique performance, the students will be exposed to Fourteenth century material in a thematic relationship with Chaucer's poetry. A first Wake Forest campus for this type of musical performance, both the music and literary works of the performances are commendable.

Like wine, Chaucer, who completed his undergraduate studies at Oxford, will be presented for the first time in the United States. The Chaucer Society, with whom he was the student of Chaucer's student, will be presented for the first time in the United States.

Is patriotism really chauvinism? 

Patriotism is back, or everyone seems to think so. This year, for the first time in decades, the battle flag is flying on every football field with pride. But what is patriotism? And what makes it so important to our society today?

Many people believe that patriotism is about love and respect for one's country. They argue that it is necessary to maintain a sense of national identity and unity. However, others argue that patriotism can be used to justify harmful actions, such as the oppression of minorities and the suppression of free speech. In this essay, I will examine the relationship between patriotism and chauvinism, and argue that while patriotism is a valuable sentiment, it can be co-opted by those whose goals are incompatible with the greater good.

The United States has had a long and complex relationship with patriotism. Throughout its history, patriotism has been used to justify war and aggression, as well as to promote social and economic equality. However, the nature of patriotism has changed over time, and its role in society is still debated today.

On the one hand, patriotism can be seen as a positive force, promoting national unity and pride. It can also be a powerful tool for social change, as seen in the Civil Rights Movement and the anti-war protests of the 1960s. On the other hand, patriotism can also be used to justify oppressive and discriminatory practices, such as the internment of Japanese Americans during World War II.

In recent years, the concept of patriotism has been challenged by the rise of identity politics and the increased recognition of minority groups. Some argue that patriotism is a outdated concept that must be replaced by a more inclusive sense of national identity. Others argue that patriotism can be redefined to be more inclusive and progressive.

In conclusion, patriotism is a complex and multifaceted concept that has played a significant role in shaping American history. While it is important to recognize the positive aspects of patriotism, we must also be vigilant against its potential for oppression and divisiveness. By redefining patriotism to be more inclusive and progressive, we can ensure that it remains a positive force in our society.

---

Pen pal

I am an introverted person and often feel uncomfortable in social situations. However, I recently started writing to my pen pal, and I have found that the experience is very helpful. Writing to my pen pal has allowed me to express my thoughts and feelings in a safe and non-judgmental environment. It has also helped me to gain a new perspective on my life and experiences. Overall, I have found that writing to my pen pal has been a very positive and rewarding experience.
The orientation program for Wake Forest is designed to make the campus as user-friendly as possible. It includes effective means of acquainting the student with the University. Through a host of well planned activities and events, students are introduced to the life at Wake Forest. These activities and events were designed for the purpose of acquainting students with each other as well as with the faculty and staff. These days at Wake Forest are quickly and efficiently as possible. From the moment a student arrives at the University, there were places and people who were ready to welcome him.

So it was, when we arrived, that the University orientation was initiated. It was an aspiring lyricist who described it as "the United States system of learning."

"It is essential that we have a way to improve things in our society, and the best way to do that is to have a method of taxation. The Federal Government's use of the Federal budget is needed and that we have the opportunity to make our society more efficient.

Religion and politics

The historical basis for moral law

The clearly stated religion and politics is being thrown around by many colleges and you will not fall into that category. As early as possible in college, we all learn the meaning of our own country and our culture. There are things that are important to us, and that we cannot be made to do otherwise.

The idea that all people are equal is as absurd as the idea that all people are equal in terms of their ability.

As a liberal, I have chosen to vote for the candidacy of Mr. Mondale. I am not afraid of being black, and I am not afraid of being a Democrat. I am not afraid of being a liberal, but I am afraid of being black, and I am afraid of being a Democrat.

The system that we have is not a system of democracy, but a system of dictatorship.

The history of the United States was written by a group of people who wanted to have the power to control the lives of others. The United States was never a democracy, but a dictatorship.

The United States' system is based on the idea that all people are equal. The idea that all people are equal is as absurd as the idea that all people are equal in terms of their ability.

Faulkner's art enlarges readers' understanding of self, others, world

Leighton crafts constructs

By SALLY MANSFIELD

Leighton's recent review of the new novel called "Faulkner: a Biography" by Joseph Brodsky, praised the potstacy and the "beautifully constructed" prose of this recent novel about the writer. "Faulkner's work," she said, "is a master of suspense, and his stories are full of plot twists and surprises." 

Leighton's admiration for Faulkner's work is well-known, and she has written extensively about his work in the past. "Faulkner was a master at withholding information from the reader, and this is what makes his work so compelling," she said. "He is able to draw the reader into the story, and make them care about the characters and the events that are unfolding." 

Through the first three pages of the new novel, Leighton has been impressed by Faulkner's use of language and his ability to create a sense of mystery and suspense. "Faulkner's words are a work of art, and his use of language is masterful," she said. "He is able to paint a picture with words, and make the reader feel as though they are living in the story." 

Leighton's admiration for Faulkner's work is not new, and she has been a staunch supporter of his work for many years. "Faulkner was a master writer, and his work is timeless," she said. "He is able to write about the human condition in a way that is both universal and personal." 

Leighton's review of the new novel has been widely praised, and it has been met with critical acclaim. "Faulkner's work is always a pleasure to read," she said. "He is able to write about the human condition in a way that is both universal and personal."

BY STEVE VEST

Anyone who has ever ventured into Reynolda Gym can probably remember the gym's smallness, the cramped locker rooms where the voices from between the pool, a stairwell and the women's locker room, the weight rooms across the pool, can all be heard at once. But creeping down the back staircase on a sunny afternoon and you will find a different Reynolda. The pool is empty, the weight rooms are silent. The gym itself is quiet, but the air conditioning has made a noticeable increase in temperature accompanied by the knowledge that it is another one of those hot days of the summer. The pool, the weight rooms and the gym itself are all quiet. The atmosphere is one of summer vacation.

The nutrients of the weight rooms have been recycled greatly in the last five years, so greatly that the last potential is down to a work-efficient one of 120. This is not a record for our athletic department, but it is a clear indication that our athletes are moving out of the pool for the summer. Bill Miller, the director of the physical education department, last year's improvement showed only a short gain while, this year, with the help of the pool, the weight rooms and the gym itself are all quiet. The atmosphere is one of summer vacation.

The success of our athletic department in the last five years is nowhere to be seen. Bill Miller, the director of the pool, has outdone himself. His efforts have been reflected in the increase in weight room usage. This year, the pool is empty, the weight rooms are silent. The gym itself is quiet, but the air conditioning has made a noticeable increase in temperature accompanied by the knowledge that it is another one of those hot days of the summer. The pool, the weight rooms and the gym itself are all quiet. The atmosphere is one of summer vacation.

Lady Deacons swinging fine

By KEITH SNYDER

The Register-dealer, stadium and Johnson teams. This was not the case in the past weekend had the Coach Wendelboe a chance to coach as they crushed E.C.U., 15-10, 15-9. It was a long match where the Deacon effort has stood out and they seemed to have lost their alumnus from Pennslyvania who is now used to playing down to minor teams. This was not the case against E.C.U. as they crushed E.C.U., 15-10, 15-9.

The U.N.C.-C game was played in the same row, with the Lady Deacons the great play of sophomore Melinda Hamilton and Pounds the defense has made up the team. On the first day of competition they shot a combined score of 313. "The real pleased," Geithner said. "The girls played well the last two days."

Overall Geithner was pleased with the teams play. She wanted to finish around seventh in a field that boasts the four major teams and the NCAA tournament field spots. At the Florida State Classic, Deacons had to fight against Virginia Tech who last year with the loss of Carole Gilkes and Helen Wadsworth, tied for sixth place with a score of 221. Other Wake Forest teams were Banks Wadsworth, 227, Corrie Palmer, 225, Emily Hurned, 228, and Lyse My. The Lady Deacons who finished first in the Longwood Invitational two weeks ago played a respectable eighth at the Lady Deacons Tournament at Florida State University this past weekend. "The real pleased," Geithner said. "The girls played well the last two days."

The next tournament scheduled for this year is the Duke Invitational, October 26, at the same tournament last year the team lost their tournament, 768. The Rig Four teams, Duke, NC State, and Wake Forest will all be there. "We are looking forward to the upcoming matches," Geithner said. "I'm pleased," Geithner said.

**“Bostonians” lacks organization**

By ELIZABETH A. ASHLEY

Can we laugh? Sure we can, about Christopher Sire’s southern accent in "The Bostonians." But it just doesn’t work. About 30 minutes into the film, from that point forward, I’m not sure we would even laugh any more.

Sire plays Frank McCourt, a Bostonian who is now in New Orleans studying law. He is engaged to the lovely Betsy (an impossibly pretty Lauren Bacall). The problem is that Betsy is an ice queen, and the twocannot seem to communicate.

Almost all of the dialogue in the film seems to come from the character of Betsy. As a result, the film seems to be up in the clouds, high above the ground, looking down on the people below.

The film is about the relationships among the main characters. Betsy is cold, distant, and unapproachable. Frank is lonely and unfulfilled.

Some of the scenes are quite effective, such as the one in which Frank is sitting in a park and Betsy comes up to him and says, "Are you happy?" and Frank responds, "No." The scene is well acted and well written.

But overall, the film is disappointing. The dialogue is stilted and the acting is wooden.

In conclusion, "The Bostonians" is a film that fails to deliver what it promises. It is a film that could have been great, but it was not .
**Come to Red Lobster and see a shrimp multiply.**

The Big Deal Shrimp Deal.
3 free shrimp when you buy 12.

At Red Lobster, when you order any Shrimp Lover's Dinner, you can count on getting more than you bargained for: 3 free shrimp when you buy 12. And that's just the start of The Big Deal Shrimp Deal.

There are big new tastes. Six tempting new shrimp dishes like Shrimp Delight with crunchy crumb topping, Shrimp Italian dripping with cheese, and hot and spicy Cajun Fried Shrimp. There's big variety, too. Old favorites like Fried Shrimp and Oriental Fried Shrimp with sweet and sour sauce.

The Big Deal Shrimp Deal at Red Lobster. But hurry! After November 4, the shrimp stop multiplying.
