TRUSTEES RAISE TUITION TO $9,700 for 1990-91

By Barry Chapman

Wake Forest's board of trustees, met Jan. 26 to increase the rates of the undergraduate and graduate programs (issue 112, page 1 for the 1990-91). The increase amounts to $9,700, which will make the base price of undergraduate education $5,700. With this increase, undergraduate tuition at Wake Forest has risen 17 percent since 1984-85, which was $3,900. Undergraduate tuition at Duke University rose 16.4 percent with increases totaling $1,500 over the past five years, according to the Chronicle of Higher Education. Tuition at Duke was at $9,200 for the 1989-90 academic year.

President Thorns. Hearn Jr., who presented the budget, said he agrees with the findings of the Bowen Gray Group, formed to look at the financial picture of the university. He said the patient census at Wake Forest has increased over the past few years, but not enough to meet the costs of operations, in particular the need to add instructional and student services. Tuition increase is tied to this growth, he said.

Glance said the school's growth over the past few years has been "nominal" and the school's research growth has been "dramatic."

He said the patient census consistently runs in the 90s, Glance said that at 1986, Bowman Gray had 87 patients, and in 1990, it had 109 patients. He said the school's research grants it earned over the past few years have grown to about $20 million. In 1986, the school earned $2 million in grants, and in 1990, it earned $20 million in grants.

Chase said the school's growth over the past few years has been "nominal" and the school's research growth has been "dramatic."

We're on the first half hour away from land, Captain. It's all over. I'm pretty sure we can land now. City Council had it that we shouldn't do it. Our mission began three days ago, and we're now in the middle of it, and it's been a struggle. I began thinking about how I was going to manage this now. Just a day or two ago, I was telling everyone that we had to finish the mission. It's a struggle. Our mission began three days ago, and we're now in the middle of it, and it's been a struggle. I began thinking about how I was going to manage this now. Just a day or two ago, I was telling everyone that we had to finish the mission.

**SECURITY BEAT**

Jan. 22-28

Between Jan 21-Feb 27, an AM/FM cassette player and equalizer valued at $700 were stolen from a locked car parked in Lots 1 and 2.

A vehicle was reported stolen, but the vehicle was located Jan. 24 near the Bellevue Hospital.

Four wallets were reported stolen. One, which contained money, was taken between 9 a.m. and 11 p.m. Jan. 23 from an unattended office in Winona Hall.

The second wallet, which contained $30, was taken from a mailbox in Reynolds Hall between 8 a.m. and 11:30 a.m. Jan. 23.

The third wallet, containing $150 worth of cash and credit cards, was taken from a locker in Reynolds Hall Jan. 23.

The fourth, containing $1, was taken from the gymnasium. An investigation of wallet thefts is continuing.

A bicycle was reported Jan. 24 having been torn of from Library for one at a half weeks. The bike, which had a locked chain on the back wheel, was taken to the security office where it will be kept until claimed.

A car driven by a student, with another student as passenger, was stopped 1:30 a.m. Jan. 25 after it was seen driving at a fast speed on the quad, where it nearly caused an accident.

One couch not affiliated with the university was given impound warning at 3:50 p.m. Jan. 25 after it was found trying to enter the building.

Bob Howe, an Associate Dean at the Radiation Safety Office (RSA) at the University,

A routine check of a car stopped in Lot 17 at Reynolds Hospital at a p.m. Jan. 27 disclosed the vehicle had a stolen license plate and did not have required liability insurance. A locked car was found.

The people who drove the car to the campus were found to have left it inside the gym. Windows impound warnings were issued, the license was extended and given to the city police and the vehicle was impounded by university security.

Skis and boots valued at $500 were stolen from Steiner House between 6 p.m. Jan. 27 and 8 a.m. Jan. 28.

University security responded to 107 calls Jan. 22-30. These ranged from the loss of two blueprints in the Weather Station to finding a wallet, a car, a bike, a fire alarm, a phone, a razor, a book, a laptop, a CD player and a stereo.

special clearance for the amphitheater is taking place on the Reynolda and the old Wake Forest campuses, he said. The amphitheater will be raised on pilings, with the raised area not to exceed 10 feet above the ground level.

The Memorial Court, which serves as a parking area for the construction workers in the Reynolda University Center, will be retained as an architectural quad, Leake said.

The area will be flanked by the Magnolia Park in the area of Reynolds Hall, the auditorium, parking area on the north side of Reynolds Hall, Tribble Hall, Hockaday Hall and Cannon Hall. A fountain will be added to the north plaza Magnolia Park, he said. The pedestrian path will be cemented with sidewalk, and additional trees will be provided.

Leake said construction will begin on the professional center this fall and will take about two years to complete. The center will be located between the water tower and the indoor arena.

After the professional center is completed, several additional departments and classes will be moved to Tribble and Cannon Halls, Leake said.

There also will be a room for an additional classroom building between the two halls, he said.

The new Tribble Hall/Magnolia University Center will have elevated seating areas and additional dark green cador fences, Leake said.

The addition to the library will enclose over the parking lot behind the building, she said.

Leake said parks will be allowed to park on streets in the area, with no additional parking lots to be created on the new professional center.

There will be added to the parking lot behind the chapel and at the professional center for aesthetic purposes, she said.

Additional trees, such as hollies, maples, dogwoods and haws, will be planted all over campus. She said the campus would benefit "if we hadn't trimmed so many evergreens, because the campus" trees are "dead.

The recreation of the student center, Ohio Physical Laboratory, the music studio and the addition to Woman's Building will all part of the project, Leake said.

The post office, bookstores and Davis Shop will remain on the level to be able to reach the students.

A canopy of signs that will identify buildings and give directions will be placed around campus this winter, Leake said.

The board of trustees approved a 10.3 percent increase in tuition and fees at Wake Forest University. The increase follows the recommendation of the Committee on Tuition and Fees. The board said the increase, which raises the tuition and fees for in-state students to $10,800, is necessary to cover the cost of rising inflation and to maintain the quality of education at the University. The increase will affect both fiction and non-fiction students, and will be effective immediately.

The board of trustees approved a 10.3 percent increase in tuition and fees at Wake Forest University. The increase follows the recommendation of the Committee on Tuition and Fees. The board said the increase, which raises the tuition and fees for in-state students to $10,800, is necessary to cover the cost of rising inflation and to maintain the quality of education at the University. The increase will affect both fiction and non-fiction students, and will be effective immediately.

The New Upscale Price of Our Grand Pocketbook Shocks the Middle-Class Pocketbook

Students Should Appreciate 'Trendy New Tuition Increases'

Marissa Melton

I am sure you have guessed that we are not the first to address the topic of 'tuition increases' among the general population. In fact, it is a topic that seems to be discussed on a daily basis in college dorm rooms, on the streets, and to me personally, at least once a week. One might assume that the topic is simply about increasing prices, but in reality, it is far more complex. Over the years, I have observed that many students are often upset by the increase in tuition, as it affects their ability to continue their education. However, I have also noticed that some students are more focused on the overall cost of education and how it affects their personal finances.

In looking toward next year, I am not expecting a tuition increase according to my sources. The reason for this is that many colleges and universities are currently facing financial challenges due to the pandemic. As a result, they may be more careful in their budgeting and may not increase tuition as significantly as in previous years.

In the past, I have written about the importance of appreciating the value of education and not taking it for granted. In this context, I encourage students to appreciate the 'trendy new tuition increases' and see them as an opportunity to invest in their future. It is important to remember that education is a valuable asset that can provide lifelong benefits.

Nick Ciocciolo

Many major universities currently face a significant challenge due to thetuition increases. The increase in tuition often affects students' ability to continue their education, and it also raises concerns about the affordability of higher education. In this context, it is important to consider the reasons behind the increase and the impact it may have on students.

Priced to sell

In the past, I have also written about the importance of understanding the impact of tuition increases on students' finances. As a result, it is crucial to consider the long-term implications of these increases and to find ways to mitigate their negative effects.

Refinement Adds to Character

Ashley Hairston

Valuable advice for saying 'Thankyou' or 'Thankyou.' Out loud that you're saying something like 'the guys and GIRLS went to a lot of trouble to put this together. I mean you can't get the average's answer through your throat. If you didn't know of any other meritorious ways to say thanks out loud, then you may want to consider using 'Thankyou.' The reason for this is that it is a simple way to show appreciation and gratitude.

In conclusion, I encourage you to consider the impact of tuition increases on students' finances and to find ways to support them in their education. It is important to remember that education is a valuable asset that can provide lifelong benefits.
Reynolda House Gets Renovations

By Kelly Grace

T"he sound of hammering and the smell of paint are already at work as a new era begins at this early-20th-century Charlotte landmark.Roy C. "Bucky" Bragg, the president of the board of directors of Reynolda House, announced a $5.5 million fund-raising campaign, Inc. 23, to pay for the improvements.

The committee plans to raise the money in High Point, New Orleans, and New York, and will use the donations to pay for the renovations and improvements. The improvements will start in 1990, and the entire museum will be open for public viewing by 1993.

The campaign will continue through the end of 1994, and the improvements will be completed by 1995. The museum will be open for public viewing by 1996.

When Charles and Mary Reynolds Badcock renovated the house in 1934, they added this semi-circular area to the basement.

Dow Finishes Third in 5,000 Meters; Haggett Breaks School Shot Put Mark

By Charles W. Byers

Sophomore Mary Dow finished third in the 5,000-meter race as Wake Forest broke one of its record with a new school mark for the distance.

The Wake Forest women's team finished in 1:58.40, setting a school record for the season.

In the 1,500-meter race, senior Cheryl Finck took second place, finishing in 4:29.00.

Junior Kim Goodridge, who was third in the 1,500-meter race, brought home the team's second-place finish in the 5,000-meter race.

The team's third-place finisher was junior Sarah Haggert, who broke the school record for the 5,000-meter race, finishing in 4:29.00.

Dow finished third in the 5,000-meter race, finishing in 4:30.00.

In the shot put, junior Kim Goodridge set a new school record, landing at 57-11.5. She was followed by senior Sarah Haggert, who placed second with a throw of 55-10. The two Wake Forest throwers, who were both members of the national team, are setting new standards for the school.

Dow's third-place finish in the 5,000-meter race, coupled with Goodridge's second-place finish in the shot put, helped the team move into third place overall in the meet.

The Wake Forest women's team finished third in the ACC Championships, with 56 points, just behind Maryland's 58 points and Virginia's 60 points. The team was able to improve upon its performance from last year, when it finished fourth with 45 points.
The National Arts Centre Orchestra of Canada conducted, by Gabriel Chmura, performed in Wain Chapel Wednesday night as part of the Secret Artist Series. The concert featured clarinetist Richard Myers.

**National Arts Centre Orchestra Plays in Wain Chapel**

By Jennie Vaughn

Although clarinetist Richard Myers was the one featured prominently in the program, the National Arts Centre Orchestra also performed a number of works. The program opened with a piece by the late German composer, Karlheinz Stockhausen, "Hymnen," which was composed as a tribute to the city of Mannheim. The work features a large ensemble, including a choir, and is known for its complex and innovative structure.

The orchestra continued with a selection from the opera "Rigoletto" by Giuseppe Verdi, with a performance by the well-known mezzo-soprano, Barbara Hannigan. The piece was a powerful and emotional rendition, with Hannigan's voice soaring through the orchestra's accompaniment.

The concert concluded with a performance of the "Rapsodie espagnole" by Francis Poulenc. This piece is a colorful and energetic work, with a strong Spanish influence, and showcases the orchestra's expertise in interpreting modern compositions.

**Innovative Costumes Emphasize Dancers**

By Joe Krulewitz

For the first time in six years, the late Frank Links University Dance Company performed an all-jazz concert Friday night in thesmall and intimate Studio Theatre. The audience was treated to an evening of lively and energetic performances, with a focus on jazz and modern dance.

The performance included several dance numbers, each showcasing the dancers' skills and highlighting the diverse nature of the jazz genre. The audience was treated to a wide variety of musical styles, including "Black and Blue," "Red Hot and Blue," and "Blackbird," to name a few.

In addition to the musical performance, the dancers also displayed their creativity and innovation, using a variety of props and costumes to enhance the visual experience. Some of the highlights included a dance number featuring a group of dancers in colorful costumes, with one dancer wearing a giant dress and another with a giant flower.

**Crossfire Fan Gets Heated Over Loss of Braden**

On TV

**John Meroney**

As fans of the popular TV series "Crossfire," a show that featured the character Tom Braden, got heated over the recent loss of the character. The show, which aired on ABC, was known for its intense drama and emotional storylines.

Many fans took to social media to express their feelings about the character's death, with some fans even posting tributes and memories. The episode, which was titled "The Final Chapter," saw Braden make his final appearance on the show, with fans saying goodbye to a beloved character.

The loss of Braden has sparked a heated debate among fans, with some calling for a special episode to honor the character and others expressing their disappointment with the decision to kill off a beloved character. The show's producers have defended their decision, saying that it was necessary for the story's progression and that it was a difficult decision to make.

The episode also featured a number of other storylines, with the main focus being on the character's legacy and how it would impact the other characters in the show. The episode was a poignant and emotional tribute to Braden, with many fans saying that it was a fitting end to a beloved character.
Songwriter Barry Drake was Listening To Rock ‘6 Months Before It Started

By Robert Belgard

Barry Drake's acoustic performance in Divinity was no surprise to the senior class. He is often heard crooning to himself or to someone in the lawn lounge. His music is a result of his love for rock and roll, blues, and folk music. He has always been interested in music and has been playing for several years.

Drake's performance at the WFU-UNC basketball game was met with acclaim from the audience. His music was a hit with the fans, and many people were dancing to his tunes.

Drake is a member of the WFU music club, and he plans to continue playing music throughout the year.

Drake's music is a combination of rock, folk, and blues. He is a self-taught musician and has been playing for several years. He is currently working on his first album, which he hopes to release later this year.

Drake's music is a reflection of his love for music and his desire to share it with others. He plans to continue performing at events throughout the year and is looking forward to his upcoming album.
