Bowlus homes to overs, amends new spending rule

By Bill Lobei Forster

School McKinnon at a Mitchell, Farrah Moore, Janelle Stem, and Jon developing personal forms of creative expression awards party, to be held April 27, will honor those students information, call the English department at Ext. 8. 10-12.

Bowlus has been with the since 1976. His previous positions have included the study of the Black Program, and the philosophy library, Tribble B316. These poets will be open to the public, and free. 

Bowlus left the English program to take another position at the State University of New York at in May of this year. He is now the director of the English program at Boston College. Davis is "It’s just a wonderful, wonderful opportunity." 

The new procedure now in place in the English department, will take each poet of the department, and the winners of the Bowlus poetry awards will be announced at the awards ceremony.

The Museum of Anthropology is being held April 10-12. The theme of this year's Greek Week is "Greek Week,

The Sexual orientation clause mired

The resolution to include sexual orientation and gender expression in the university’s anti-discrimination statement for the next fiscal year. This is the first time that the university has included sexual orientation and gender expression in its anti-discrimination statement.

The university is committed to anti-discrimination policy on the basis of race, sex, religion, national origin, age and physical or mental disability, but not sexual orientation.

DeFries said that he was not aware of any other university that had included sexual orientation and gender expression in its anti-discrimination statement.

The resolution has been met with mixed reactions from the university community. Some have praised the university for taking a stand on this issue, while others have criticized the university for not going far enough.

DeFries said that he was not aware of any other university that had included sexual orientation and gender expression in its anti-discrimination statement.
Academic Computer can become a vehicle for harassment

By Bill Banner and Allen L. Uppman

Many instructors of the Program Planning Committee's proposal to require all students to have computer terminal access to the Internet are opposed to it, but one student said that with so many other students both in the class and there, the campus computer is a virtual social...
Pakistan demands the money

President Bill Clinton announced Tuesday his administration's decision to give Pakistan the credit card it wants after the country purchased five years ago. Pakistan paid for the equipment that never materialized, and it is now demanding that the U.S. sell military goods to Pakistan.

The announcement, made at a press conference Tuesday in the White House, was praised by Pakistan's President Pervez Musharraf, who thanked the Clinton administration for its decision.

"We are grateful to the United States," Musharraf said. "We have consistently called for this decision to be made and today it has been made."

The decision will allow Pakistan to return the $1 billion worth of military equipment it bought from U.S. companies in 1990. Pakistan is now suspected to be due in large part to the lack of success in the embargo against Serbia.

The Bishop of London, who recently described lack of success in the embargo against Serbia as "military goods to Pakistan, it now appears to be due in large part to the lack of success in the embargo against Serbia." The Bishop also highlighted the problems of the U.N. in selling military gear and said U.S. officials have accepted money for selling goods to Israel or Iran.

Freshmen, faculty mingle through traveling

BY MICHAEL B. RINE

What do a journey through the history of Wake Forest University and North Carolina, biological research at Duke University, and a trip to the beach with William Hamilton, an anthropologist at the University of the South, have in common? They are all a part of the Freshman Trips that has taken various faculty and administrative members and students all over the state of North Carolina in recent years.

"The trips expand to get students and faculty members outside of the normal Christmas, the university closure," said Dr. William P. Zinn. "It gets the students involved in a common task. Rapidly, it is having the faculty members get to know more about the students."

Two weekend-long trips up to the first floor of the rooms, a group of seven students led by Dr. Pugh and Paul Skolnick of English, went to Raleigh and the home of the original university campus in small towns of Wake Forest. "It was an experience opportunity," said Dr. Zinn.

The group toured the North Carolina Museum of History in Raleigh, which featured a special exhibit on women in North Carolina history as well as a book on Raleigh sports history.

"This one was the most popular," said Dr. Zinn. "We enjoyed the exhibits as well as the opportunity to hear the exhibits, which was great."

The museum was spectacular," said Dr. Zinn. "The exhibits were great and the opportunity to hear the exhibits was great."

The university also included a special trip to the fort unit for rising freshmen. The highlights of the four days included the group experiencing an interest in returning to the cemetery and remembering past events of the group.

"There were many students who took part in the trips also accepted the opportunity to get into a new part of the state," said Dr. Zinn. "They are good at making good things to say about the trip," said Dr. Zinn.

The two weekend-long trips, the group of seven students led by Dr. Pugh and Paul Skolnick of English, went to Raleigh and the home of the original university campus in small towns of Wake Forest.

"I think you can restrict a year's experience," said Dr. Zinn. "I think it is important to have a year of experience in order to have a good journey."

We'll, we do have a room in the water tower...

F that time of year again, time to move into the housing process. Our efforts are to help make this process as painless as possible for everyone. All first-year is family if they want to follow any of the procedures I'm about to give you from the Old and New Office that refers to the seating chart.

In the seating chart, there is a space for everyone, we want to make sure everyone has the opportunity to be there. We'll begin by explaining the seating chart procedure.

The seating chart is important because it influences the housing process. If you don't attend the seating chart, you may not have the opportunity to choose your room. It's important to remember that the seating chart is for everyone, not just for those who are interested in housing.

We'll be providing seating chart information to everyone through our Facebook group, so make sure to join if you haven't already.

In the seating chart, we've included all the information you need to make an informed decision about your housing choice. Please make sure to review the seating chart carefully.

Once you have reviewed the seating chart, please come to the Old Office to pick up your seating chart packet. The packet includes a seating chart, a housing application, and any other necessary forms.

The seating chart is a crucial part of the housing process. It's important to remember that the seating chart is for everyone, not just for those who are interested in housing. Make sure to attend the seating chart and pick up your seating chart packet.

Student artists leave their impressions on Wake Forest

In a University atmosphere geared toward breaking new ground and challenging old ways, art may seem to be overlooked. Although students may not be the primary audience, several Art Center professors and Art Center graduates can proudly point to the excellence of student work.

Jennifer Armetrano

Expanding technical knowledge through traditional materials, senior ceramics student Jennifer Armetrano prides herself on her ability to push the boundaries of the general public. A Spanish and art major from Guilford, Conn., Armetrano shows off her work at 9 p.m. Tuesday in the Studio Art Center.

"Today the way I work is to find the nexus between private and public art, which the art center brings up," thought Armetrano as she tested her new glazing techniques. Armetrano said she is interested in using her work to create an environment rich in color, light and texture, and she believes that her focus on using ceramics is an attempt to push the envelope of the medium.

Armetrano's works are made from clay and are fired to a level ranging from cone 04 to cone 10. She said that the firing process is a very important part of the work, as it changes the raw materials into the final product.

Armetrano began her art journey with a special interest in pottery, but it wasn't until she stumbled upon ceramics that she became truly passionate about it. She said that the ability to create something out of nothing, and to transform it into a piece of art, is what she loves about ceramics.

Armetrano's future plans include attending graduate school and pursuing a career in the art world. She hopes to one day own her own pottery shop and continue creating art that inspires and brings joy to others.

Annie Nunley

Annie Nunley's honors show in the Wood Art Center is the result of her passion for dance and her desire to express her creativity through art. Nunley, a senior art major, has been a part of the university's dance program since her freshman year and has been looking forward to creating a show that reflects her love for both subjects.

"I have always been passionate about dance," Nunley said. "When I was younger, I would watch videos of famous dancers and imagine myself performing their moves.而现在 I am finally able to do that in my own way.

Nunley's show will consist of a series of sculptures that she created in Intermediate Painting, a class where the students were encouraged to experiment with different techniques and materials. Nunley said that the sculpture process was challenging, but she enjoyed the creative process of bringing her ideas to life.

"I learned a lot about myself through the process," Nunley said. "I had to figure out how to translate my ideas into physical form, and that was a very rewarding experience.

Nunley's future plans include attending graduate school and pursuing a career in the arts. She hopes to one day be able to make a living from her work and inspire others to pursue their passions.

Karen Nunley

Karen Nunley's honors show in the Wood Art Center is a reflection of her passion for sculpture and her commitment to creating art that challenges traditional notions of gender and identity. Nunley, a senior art major, has been working on the show for over a year, and she said that the process has been transformative.

"I have always been interested in exploring the idea of gender and its relationship to art," Nunley said. "I wanted to create a show that would challenge traditional notions of what it means to be a woman and what it means to be a sculpture.

Nunley's show will consist of a series of sculptures that she created in Intermediate Painting, a class where the students were encouraged to experiment with different techniques and materials. Nunley said that the sculpture process was challenging, but she enjoyed the creative process of bringing her ideas to life.

Red webs weave magical coincidences

By Theresa V. Young

The House Line is complete except for one phone. When there was a vacant room, we fell on our knees, on our stomachs. Van Isaac tells us, "This is the last but one man." This is, however, one exception. Support for the male of this nature is not left to Isaac alone. The main event now is with the man who has left the room. The movie now continues with a new twist. It is difficult to say what the movie is about, but it is clear that the male event is a turning point in the lives of the characters.

In addition, there was also a sense of a biographical film about Antonioni, who was raised in rural North Carolina. However, he grew up in a poor farming family and was a great deal of trouble for his parents during the experience of these early years. Instead, the autobiographical aspect of his film is not so much an example of his own life, but rather an account of the lives of others. His parents are seen as having a strong influence on his work. He is often seen as a parent figure in his early years. In many ways, the theme of A. R. Antonioni is his own life. His personal experiences of the world are woven into his film making.

The movie ended with a sense of the man's creation. Antonioni's film left an impact on the audience. His films are seen as having a great influence on the development of cinema.

Ammons festival celebrates joys of poetry, home

By Thomas D. Young

This year's festival was held on the Sunset Strip, with an impressive line-up of poets, including the famous Mark Strand and Wallace Stevens. The festival was attended by an estimated 15,000 people, and featured readings, workshops, and a poetry slam. The event was a great success, and is already being planned for next year.

Episcopalian Englishman visits New China for sweet soups and sour sounds

By Peter Tolman

During his official visit to China, the Episcopalian Englishman visited a number of cities, including Beijing, Shanghai, and Wuhan. He was impressed by the hospitality and culture he encountered during his stay. The Englishman is known for his love of food, and particularly enjoyed the sweet soups and sour sounds of Chinese cuisine. He also visited the famous Great Wall of China, and was able to enjoy the stunning views and history of the structure. Overall, the Englishman had a wonderful time in China, and plans to return again in the future.

Strong acting, sets make Tempest a hit

By Bill Jones

William Shakespeare's The Tempest was brought to life by the excellent set design and acting of the cast. The production, directed by John Smith, was a masterpiece of theatrical artistry and imagination. The actors, under the guidance of Smith, brought to life the complex and nuanced characters of the play, making it a truly remarkable production. The audience was captivated by the performance, and the production was widely praised as one of the best of the season.
Gravity

Leopards of the Fall: 7:30 and 9:30 p.m., in Pugh. Brad Pill (Steve Martin's brother) and Adam Quine portray brother-leopards fighting for the love of a young woman, played by Jella Haase. $10. Ext.

(office hours: 8:30 a.m. to 4:30 p.m.)

Men’s tennis dispasses Wolfpack, loses to Duke

By ROBERT NELSON

The men’s tennis team continued to challenge for a winning record last week with matches against the Wolfpack and the Blue Devils. In an exciting battle, the Deacons beat out the Wolfpack to finish second in singles matches. The team also pulled off a win over the Blue Devils to stay in the top 10 of the ACC rankings.

Women’s tennis makes rankings

The Deacs’ collegiate women’s tennis team ranked among the top 10 colleges in the nation last week. In the latest rankings, the team was ranked second in the country. The rankings were compiled based on last season’s results.

Tennis season update

Tennis matches continue to be a major point of interest for fans and athletes alike. The team has been working hard throughout the season, and their hard work has paid off with impressive results.

Golfers to participate in shootout

The Heritage and President’s Cup will feature a shootout with the “Wedge Tour Golf Showdown.” This event is designed to bring together amateur and professional golfers. The competition will be fierce, and the stakes are high.

Chesapeake Bay Cup: an annual competition

The Chesapeake Cup is an annual competition that brings together the best players from the region. The event is known for its competitive spirit and high-quality matches.

Rising Sophomores and Juniors

Petitions available today in SG Office (Benson 304).

coming soon: petitions for the spring 2023 season.
Candidates for Judicial Board

Alan Dickinson Rising Sophomore

I have held many offices and positions, but none qualified for this responsibility, nor more personally. I see my role as being enthusiastic, involved, and involved in the campus community. There is not a single more significant than any office or position because the experience has been the greatest. I am not a leader. I'm an active member. Please vote for me, Alan Dickinson, because the thing that matters most is important to us all.

Will Weirke Rising Sophomore Experience:
1. President of Student Government
2. President of Fellowship of Christian Students (FCS)
3. Student Budget Advisory Committee
4. Student Newspaper: Wake Times

Judicial Board has a tradition of integrity and honor. If elected to Judicial Board, I want to continue these standards. I would also like to promote candidness for the students. The Student Budget Advisory Committee is an important and vital part of Wake. I believe Wake Forest is a community that needs to be run efficiently. As a judicial board member, I would work to further this goal. I have been a very important part of the community during my time here. The judicial board system is about making sure the community can function efficiently. If elected, I will work to further the goals of the judicial board. Thank you.

Josh Kellot Rising Junior Experience:
2. Sigma Chi Fraternity—Commodore and Vice Coordinator

I believe that Wake Forest System is extremely important in the Wake community. The way of life and traditions is what makes Wake Forest unique. I would like to make sure that the judicial board is run in a way that is consistent with the traditions. I will be voting in the judicial board. Thank you.

John Snea Rising Junior Experience:
1. Wake Student Government
2. Assistant Manager—Music Director
3. Project Pumpkin—Leadership Fall 1995

I wish to be elected to the judicial board as I want to be a more active member of the Wake Forest community. I believe I could help adapt a judicial board position for the following reasons. First, I would make sure the community is aware of the judicial board and of the importance of it. Second, I would examine the students' rights in the context of their personal rights. Finally, I would hold an individual in higher regard than any other individuals during hearings.

Ginny Reeves Rising Junior Experience:

I believe that the judicial system is extremely important in the Wake community. The way of life and traditions is what makes Wake Forest unique. I would like to make sure that the judicial board is run in a way that is consistent with the traditions. I will be voting in the judicial board. Thank you.

Stacy White Rising Sophomore Experience:
1. Student Government
2. New Student Orientation
3. Student Life and Activities Board
4. Sophomore Recognition Committee
5. Student Government

I believe that the judicial system is extremely important in the Wake community. The way of life and traditions is what makes Wake Forest unique. I would like to make sure that the judicial board is run in a way that is consistent with the traditions. I will be voting in the judicial board. Thank you.

Kelly LaChapelle Rising Sophomore Experience:
3. L.E.A.D. Club President
4. Resident Adviser
5. Student Government

I believe that the judicial system is extremely important in the Wake community. The way of life and traditions is what makes Wake Forest unique. I would like to make sure that the judicial board is run in a way that is consistent with the traditions. I will be voting in the judicial board. Thank you.

Matt Lane Rising Sophomore Experience:
