Raleigh Citizens Donate $35,000

Wolf County Campaign to Provide for New Buildings

The Wolf County Campaign to provide for new buildings, under the leadership of Mr. R. E. Whitaker, chairman of the Wolf County Campaign Committee, has reached a new high in recent weeks.

Locke Plant To Be Completed In 60 Days

Other New Buildings Are Planned For Early Construction

Wolf Forest has begun plans for the construction of a new locker plant, to be completed within 60 days. The new facility will serve the needs of both men and women students, providing adequate locker space for their use.

Demon Deacons Leave To Meet Tennessee Volunteers In Big Starting Game This Weekend

Constitution Read At Coed Meeting

Article Dealing With The Nomination Of Officers Evokes Discussion

The nomination of officers for the current year has been a topic of discussion among the members of the Kappa Kappa Gamma sorority. The nomination process involves a careful selection of leaders to guide the organization in the upcoming year.

Fraternity Smokes Given For Rushes

Nine Selected As Cheerleaders

Five Boys, Four Girls To Lead The Student Choir

The student body of Wolf Forest College is preparing for the upcoming year with enthusiasm. The selection of new leaders and cheerleaders is an integral part of this preparation, ensuring a strong and engaged student body.

Party Tomorrow

The Student Council has announced that a party will be held tonight at 9:00 PM in the Cleve-land Memorial Union. All students are invited to attend, either to enjoy the festivities or to observe the events, games, and performances.
The Demon Deacons

Wake Forest tomorrow begins the most ambitious campaign in its history. The College. Starting on consecutive SaturdayS, the Wake Forest Band, under the direction of Coach Bill King, will begin the annual national campaign for funds. This year, as always, the campaign will feature the Demon Deacons, a group of student musicians and athletes, who will make appearances during the season.

In recent years, the Demon Deacons have been one of the most popular attractions of Wake Forest athletics. Their performances have been a source of pride for the student body and have helped to build the school's reputation as a powerhouse in college sports.

Headache or Heart Trouble

"Does the snickelty frequency and severity system really belong in schools?" asked one editorial writer in the Wake Forest College News, a local weekly.

Whether the editor is anyone's or not, there is one thing that is certain, and that is the frequency of the question. The answer, of course, is no, but the reader might wonder why.

Depending on the question, it is obvious that the frequency is always a problem. The answer, of course, is no, but the reader might wonder why.

The Love of Music

Late the other night a bunch of perhaps twenty-five fellows were gathered around a table at a bar - a man who played strumming on the guitar, a violinist, a violist, and a clarinetist. They were drinking sake and eating chicken wings. They were all part of a local music club, the Wake Forest University Alumni Music Association.

They held their weekly meeting to discuss the future of the group, which has grown from a handful of students to a hundred members over the past few years.

The club meets every week to practice and perform, and members are welcome to attend. They host concerts, fundraisers, and other events throughout the academic year.

Covering the Field with Rock

The gridiron season swung into second gear last week, but won't swing into high gear until this weekend. Here were, in brief, the games last Saturday to give some idea of the length of the teams in the Southern Conference.

Duke dodged for supporters with a powerful offense that thoroughly blanked out Creighton. Duke scored in the first few minutes of play and easily ran up a 64-0 score. South Carolina scored little that the will to win.

Duke is good, but don't get overconfident on them. Navy will offer them a stiff test on October the sixth when the Biddles will visit Durham. It then is that we will know the true strength of the Blue Devils.

Clemson served notice on the rest of the conference that she will make a pretty good bargain by charging Presbyterian $700. Clemson had a good ball club last year, but this year of experience isn't going to hurt them any. You had better watch those Tigers; they are going to be hard to handle.

N. C. State didn't have much opposition Saturday night as they trampled little Wilmington College 47-0. Billigan's boys were just too much and too fast for the Wilmington Bulldogs, but one thing can be said for Billigan, and that is they never stopped fighting, which is evident by the two touchdowns that they scored after State had taken an early 20-1 lead in the first quarter.

Norfolk, Carolina managed to start off the season with a 60-12 victory over Hampden-Sydney College, a law school with no football team. Norfolk will be given the硬 test this week-end when they hook horns with Georgia Tech. The "Rumble Week" are rated as the top team in the South, and the exposed figures that they will give the Tar Heels a real going over.

On the basis of last week's showing we can safely say that the two teams that we picked for considerable improvement over last year, Duke's Blue Devils couldn't be compared with the power of the Southern Conference in the quality of their opposition. Four Southern Conference teams major defeats this Saturday.Besides the University meeting Georgia Tech, the other three were coached by the Virginia Cavaliers, and our own devils travel to Norfolk to oppose them Saturday. By next week we think we should have a better picture of the true strength of the Southern Conference for 1945.

The Deacons are now one of the most efficient managers Monday when Jim Doyle made Wake Forest to Benjamin Franklin University in Washington, D. C. Jim came to Wake Forest in the fall of 1944 as the outstanding end. Jimmy played a year at Minneapolis-Sydney College, and he was a. very valuable weapon in the offensive line. One of the facts of the fact that he was handicapped by injuries a good deal of the time. The following spring Jim suffered a severe knee injury during practice, and he has been out ever since.

Jim could'n't stay away from the football field and the dressing room, so Coach Walker gave him a job as a manager. Jim was the student manager, and he guided an expert tag team on ankles and other vital duties around a dressing room.

We all wish Jim and his family next fall. Bruce Campbell, freshman tackle in Wilmington, will play in the Deacons. He admitted also that he was looking for a berth on the Naval Academy post on defense. He is another freshman that might play a big role with students here after the coming football season.

Coach Welch in 11

Coach Phil "B" Johnson is known to the students, a 1933 graduate of the Deacon's, who was known to have been quite the athlete. He then became a national product, playing for four years, playing and his back for the remainder of his career. He has been of a high stature to the State in 11 and 12, and he is the leader of the State's basketball team in 11 and 12.

This year the State have made a great deal of progress. Three years in the minor leagues, and now he is back again in the major league. He is the leading pitcher in the American Association. Coach Welch played for the University in 1936 and 1937, when he gave up the sport of baseball and became a professional boxer. He was a leading left-handed pitcher during his college days, and he is a real good arm now.

This is probably the only chance to see the college's 11 and 12, as their season is over. Coach Welch is a favorite of the students and the fans, and he is always there to help in any way possible. He is a great deal of the college's football team.

Many Participants

This year's gajzed college's the college's, because the college's is the college's. Coach Welch has done a fine job of work, and he has a lot of talent to work with. He is the coach of the college's, and he knows his territory. He is always there to help in any way possible.

We have, a number of college's, and many of them are very good. Coach Welch has done a fine job of work, and he has a lot of talent to work with. He is the coach of the college's, and he knows his territory. He is always there to help in any way possible.

With Bo on the backfield, and with the college's to the country during the last ten years, we have had a fine college's. The college's is still in line for newer and better equipment, and we are looking forward to the college's this year.

Bo the college's is still in line for newer and better equipment, and we are looking forward to the college's this year.

Bo and the college's is still in line for newer and better equipment, and we are looking forward to the college's this year.

Wee Loon’s Portraits
On Exhibit Here

By Anna Johnson

A short but impressive installation of the college art exhibition, which is now open to the public, features the work of several students. The exhibition, which will run through the end of the semester, includes paintings, sculptures, and drawings by students in various disciplines. The works are hung in a aesthetically pleasing manner, creating a cohesive and engaging display.

The most urgent business was to be handled by Plim-
ers, will handle this phase. Committee of the local Civic Club Chairman of the New Industries

A bulldozer from Raleigh will be brought in to do the dirt work. The golf ball goes after the dirt work. There will be a pork curing sys-
tem which can handle more than 100 pounds at a time.

Golfers interested in the next tournament should contact the golf course manager for details. The tournament will be held on the last day of the month.

Constitution

Constitution—Continued from Page 1

It was voted upon to make the following changes in the Constitution: The President of the fraternity shall be ex-officio the permanent president of the corporation. The fraternity is considering the possibility of making the office of Secretary-Treasurer a permanent position. The position of Secretary-Treasurer is now filled by an assistant to the President. The fraternity is also considering the possibility of making the office of Secretary-Treasurer a permanent position.

MEET THE DEACS—Continued from Page 3

Along with his football team, Deac's other interests include his active involvement with the fraternity, Phi Delta Theta, where he serves as chapter president. He is also a member of the Kaypee Fraternity and currently serves as President of the Kaypee Fraternity.
