Candidates Are Offered By Three Campus Parties In Spirited Monday Election

Class Elections Claiming Most Interest In Campus Affairs

Wake Forest students will not be busy Monday afternoon but will turn their attention to campus affairs as election day approaches. Although the general Student Government elections will climax vital political activities, a host of candidates from other groups will gather in the Student Union as they prepare to publicly accept their candidacy.

Various campus groups have already announced plans for Old Gold and Black primaries Wednesday morning at 11 a.m. in the Student Union. The first group, the Student Association, will hold an election to select the new officers for the Student Union. This group is comprised of the following: President-Elect, John C. Edwards; Secretary, R. C. Sherlock; Treasurer, A. F. W. Griffith, and John N. Gray.

The general Student Government elections will take place Monday afternoon at 4 p.m. in the Student Union. The Student Government Association consists of the following: President, Alonzo B. Parrish; Vice-President, Lewis H. Harnett; Secretary, W. W. Harris; Treasurer, J. E. Jordan; and Executive Committee members.

In the senior class, the three political groups are represented by the Republicans, the Democrats, and the Independents. The Republicans will hold their primary Wednesday morning at 11 a.m. in the Student Union. The Democrats will hold their primary Monday afternoon at 4 p.m. in the Student Union. The Independents will hold their primary Monday afternoon at 4 p.m. in the Student Union.

The slogan of the movers and shakers in the Student Union is "Vote for the的危害 of your party." The Republican slogan is "Vote for the benefits of your party," and the Independent slogan is "Vote for the moderate in your party." The Republican candidates are: President, John C. Edwards; Vice-President, Lewis H. Harnett; Secretary, W. W. Harris; Treasurer, J. E. Jordan; and Executive Committee members.

The Democratic candidates are: President, Alonzo B. Parrish; Vice-President, Lewis H. Harnett; Secretary, W. W. Harris; Treasurer, J. E. Jordan; and Executive Committee members.

The Independent candidates are: President, Alonzo B. Parrish; Vice-President, Lewis H. Harnett; Secretary, W. W. Harris; Treasurer, J. E. Jordan; and Executive Committee members.

Medical Aptitude

The fact that a student is described as having a "thorough grounding in medical science" does not mean that he is necessarily prepared to go into medicine. The Medical Aptitude Test is designed to measure certain qualities that are considered important for success in medical school. These qualities include critical thinking, problem-solving skills, and the ability to understand complex information. The test is not designed to measure specific knowledge about medical topics, but rather to assess a person's potential to learn and apply medical knowledge. Students who score well on the Medical Aptitude Test are typically well-prepared for medical school, and are likely to do well in their studies. However, it is important to note that success in medical school is determined by many other factors, such as effort, motivation, and the ability to work collaboratively with others. Ultimately, the Medical Aptitude Test is just one tool used to evaluate a student's readiness for medical school, and it should be used in conjunction with other information to make an informed decision about whether a student is ready to pursue a career in medicine.
The main topic of conversation in the student body is the upcoming general election. In the Student Council, the general elections will take place in the General Auditorium on Monday, May 11th. The polling place will be open from 9:00 to 5:00. 

The Secretary- Treasurer of the Student Council, Virginia Julius, a representative of the Junior Class and a member of the Kappa Sigma fraternity, gave this information to the members of the student body. Virginia is a junior at Wake Forest and is a member of the Kappa Sigma fraternity. She plans to be a lawyer in the future. 

However, the primary concern of the students is the upcoming general election. The polling place will be open from 9:00 to 5:00 on Monday, May 11th. The Secretary- Treasurer of the Student Council, Virginia Julius, a representative of the Junior Class and a member of the Kappa Sigma fraternity, gave this information to the members of the student body. Virginia is a junior at Wake Forest and is a member of the Kappa Sigma fraternity. She plans to be a lawyer in the future.
Stringing Along

with Al Jennings

The sporting interests of the entire student body have shifted from basketball and ping pong to tennis in the past two weeks. One may pass the tennis courts in front of Broadwalk alone at any daylight hour and he will see students besieging the old ball over the net.

There is such an unusually large number of students participating in this sport, we think that a tennis league could be formed very easily. We suggest that each of the fraternity boys, the non-fraternity men and the coeds. There should be moved up the fraternities and the non-fraternity men and the coeds. There should be moved up the fraternity before Folk took three.

"Drugstore," a chemical, when put on a tennis court, takes up the only softball league on the campus. Instead of simply selecting a trophy for the winner of a softball game or football, the husky bunch of boys, from walking away with the trophies every day! We think that several of the individual fraternities' star players were not selected to the all sports team, because of the above schedule. The Pan-Hellenic Body decided to have several games each league entered in the non-fraternity championship. Folk, at the same time, it would answer the objections. It would allow them to furnish more manpower. The sports interest of the entire student body has shifted from basketball and ping pong to tennis in the past two weeks.

Several of the students have complained that the poor quality of the courts has made them lose interest. For their information, a supply of calcium chloride has been ordered by Mr. Holliday, and the chemical will be applied to the courts in a few days. This includes the courts on Faculty Avenue. This chemical, when put on a tennis court, takes up the moisture in the surface, leaving the soil hard and dry. When this has been done, the students will have nice hard courts on which to play.

If anyone, either girl or boy, is interested in such a tennis league, we suggest that they get in touch with Coach Phil Utley at the earliest opportunity.

Prior to the war, the Wake Forest Forestmen usually gave an athletic trophy to the fraternities with the highest percentage win in all sports. Instead of simply selecting a trophy for basketball or football, the Pan-Hellenic Council gave prizes to the individuals from the number on the first, second, and third place as in all sports in which the fraternities participated. We think that the fraternities should return to this system. By doing this, they would have a more coherent unity among themselves. At the present rate, it's dog-eat-dog as far as athletics are concerned among the fraternities. Most of the boys, only want to win the sport played which they think their fraternity excels in, instead of working out to win a satisfactory score.

We see there are only five teams entered in the softball leagues so far. The deadline was last Saturday, and at that time, and this was supposed to be the official deadline, there were only two fraternity teams and one non-fraternity team entered in the sport. Since then, two more fraternity teams have trickled in.

There are several reasons for this, but we can find no reason for such an apathetic interest in this sport. Several of the boys, we believe, that they have not too many sports, and instead of participating in a multi-sports program, they will bid two birds with one stone for the fraternities — it would allow them to furnish their boys with wholesome recreation, and at the same time, it would answer the criticism directed at the fraternities for inducing solely social activities.

If the Pan-Hellenic Council will sit down and work out a long-range sports program, with the above objective in mind, we believe that they would have a more coherent unity among themselves. At the present rate, it's dog-eat-dog as far as athletics are concerned among the fraternities. Most of the boys, only want to win the sport played which they think their fraternity excels in, instead of working out to win a satisfactory score.

DO YOU WANT GOOD GOVERNMENT?

IF SO, ELECT THESE MEN:

Buster Mabe
President of the Student Body

John Chandler
Vice-President of the Student Body

Dave Harris
President of the Senior Class

Rufus Potts
Senior Representative to Student Council

Pride Ratterree
Senior Representative to Student Council

Greaseon to Coach

Cherryville Team

Miss Jesse Greason, head basketball, track and field coach of the Cherryville High School, has been chosen to coach the Cherryville, N. C. Senior High School basketball team for many years. She has the reputation of developing young basketball players, making them into all-state or first-team players on high school or college rosters. She also is well known to all the players throughout the Carolinas, being well known for her basketball, track, and field coaching. In the years she has coached, many of Miss Greason's former players have been selected as all-state or all-conference players. The 1945 team of the Cherryville High School is entirely made up of girls.

GIRLS, HERE'S YOUR CHANCE!

Annual Easter Concert Given By Musicians

Seventy-voice Group Conducted By Miss Gertrude Lefler

The Wake Forest College Girls' Club, sponsored by the Department of Sacred Music in the Wake Forest College Women's Center, will present an annual Easter concert.

The seventy-voice group was conducted by Miss Gertrude Lefler, director of music and vocal coach at the Women's Center.

Of particular note were performances by the chorus (a new arrangement by Miss Lefler for the group), and the choir of the Black Mountain College. The chorus consisted of students from the college and the community.

Miss Sally Knits Her 68th Sweater For Gil's

by Betty Shirley

The fact that she has had no disadvantages in service has not kept Miss Sally from efficient and creative living. She is a noted business woman and a leader in humanitarian and charitable work. Miss Sally has been associated with the women's work of the church, the church, and the community.

Martha Ballard was elected president of the YWA at the general meeting which was held at 6:45 p.m., Thursday, April 18 at the Forum group at 6:45 p.m., Thursday, April 18.
