The WF Baptist Health Experience: Where do I fit?
Enriching your Volunteer Experience

- What does it mean to be a volunteer?
- What am I learning from this experience?
- How do I process and talk about what I see and hear at Baptist in meaningful, productive ways?

If you’re like me these are probably NOT questions that you have asked yourself in the weeks since you first walked into Baptist Medical Center. If you are honest with yourself, however, you know they are things you should be thinking about. Let us help you with that.

The Pro Humanitate Student Seminars, sponsored by the Humanities Institute, are a forum in which to think and talk about these and other issues related to volunteering at Baptist Medical Center. They are a moment to Gather with other student volunteers, people who know what you are going through, and Reflect on and Learn from what you see and hear when you put on that iCare badge each week.

What: Space for reflection, conversation, and analysis of the hospital volunteer experience. Refreshments provided.

When: 3 times each semester- First gathering is Oct 23, 2pm.

Why: Leverage your volunteering into a useful opportunity for personal growth. Fully engage with the hospital environment to improve your future career (and future applications). Be a better volunteer and resource for Baptist patients and staff.

Why not: No HW. No pressure. No reason not to participate.

More details to come. Email Beth Ann Williams (williba@wfu.edu) with questions/comments.
