New fine arts division requires faculty vote

By HELENA MASTER

Dana S. Rouse, Provost and senior vice president for academic affairs, told the Board of Trustees on April 19 that the university will release its proposed new program in fine arts at the May 18 meeting of the Board of Trustees and that a vote on the program will be held at the June 22 meeting of the Board of Trustees.

The new fine arts program will consist of a core curriculum, a departmental program, and a student program. The core curriculum will include courses in music, theatre, and dance, and will be open to all students. The departmental program will be offered to students who wish to major in fine arts, and will consist of a combination of liberal arts courses and specialized courses in music, theatre, and dance. The student program will be a minor, and will be open to students who wish to minor in fine arts.

The proposal for the new fine arts program was developed by a committee of faculty members who were appointed by the Provost. The committee consisted of Michael B. Forster, a Assistant Professor in the Department of History, and John Andronicos, a professor of Classics.

The proposal will be considered by the Board of Trustees at its May 18 meeting, and a vote on the proposal will be held at the June 22 meeting of the Board of Trustees.

The new fine arts program is expected to be fully operational by the fall of 2000.

hit throughout the area by children and curiosity seekers. Tim Duncan, both of whom were named All-ACC players.

4. Escott named new dean after long search—A 16-month search for a new dean of the college ended Feb. 8 when Paul Mullen, who has been on the job since 1980, announced Oct. 16 that he will resign to become chief executive of the University of South Carolina. When the search began, Mullen was in his 11th season as dean of the college.

5. Explosion rocks Davis—An explosion that destroyed a residential underground parking garage at the University of South Carolina on Thursday afternoon was caused by a gas leak, according to university officials. The explosion occurred at about 5:30 p.m. and damaged at least five buildings in the area.

6. Big ups call for new dean—In a letter to the university community, University President B. B. Thomas announced that the search for a new dean of the college will be delayed for nearly a year by a series of events, including the death of Paul Mullen, who will assume the role of dean July 1.

7. University names new president—A search for a new president of the university, as defined by the Carnegie Foundation for the Advancement of Teaching, has been underway for nearly a year. The search was triggered by the death of Paul Mullen, who was the president of the university.

8. University faculty calls for new dean—A faculty group has called for the resignation of the current dean of the college, Paul Mullen, who has been on the job since 1980. The group said that Mullen has failed to respond to the needs of the university and that his departure is necessary.

9. Student Union votes to ban smoking—The Student Union of the University of South Carolina has voted to ban smoking on campus starting next year. The vote comes after a series of events, including the death of Paul Mullen, who was the president of the university.

10. University cancels spring break—Due to budget constraints, the university has decided to cancel spring break for the first time in its history.
Fosso's retirement commemorated
By J. Blaine Tate
Associate Editor

Dr. James J. Fosso, the University's director of the English, theater and speech department, will retire June 30 after 33 years of service at the University. He will be succeeded by Dr. John E. Marshall, the University's assistant professor of theater.

Dr. Fosso, who was instrumental in founding the English, theater and speech departments, has been a major force in the University's cultural activities. He has been particularly active in the development of the Shakespeare Festival, a program that has become one of the University's most popular events.

Dr. Fosso's retirement will be celebrated with a special program on June 30 at 8 p.m. in the University's auditorium. The program will feature a number of special guest speakers, including Dr. Marshall, who will be introducing Dr. Fosso to the audience.

Dr. Fosso's contributions to the University have been recognized in a number of ways, including the naming of the Fosso Building, which houses the English, theater and speech departments.

Dr. Fosso is survived by his wife, Dr. Mary Fosso, and their three children, James, John and Jane. He is also survived by his parents, Dr. James and Mary Fosso, and his brother, Dr. John Fosso.

Dr. Fosso was born in 1925 in New York City and received his bachelor's degree from Columbia University in 1947. He went on to earn his master's degree from the University of Chicago in 1949 and his doctorate from the University of Michigan in 1952.

Dr. Fosso began his career at the University in 1953 as an assistant professor of English. He was promoted to associate professor in 1963 and to professor in 1973. He became the University's director of the English, theater and speech departments in 1978.

Dr. Fosso has been a leader in the University's cultural activities, including the Shakespeare Festival, the University's summer theater program and the University's annual poetry reading.

Dr. Fosso is widely respected for his scholarly work, which has focused on the works of William Shakespeare. He is the author of several books on Shakespeare and has published numerous articles and book reviews in scholarly journals.

Dr. Fosso has been a member of the University's faculty for 33 years and has been a mentor to many students. He is widely admired for his dedication to his students and his commitment to the University's cultural activities.

Dr. Fosso is a man of great intelligence and compassion. He has been a beloved member of the University community and will be greatly missed.

Dr. Fosso's retirement is an occasion to celebrate his many contributions to the University and to the broader community. The University community is deeply grateful for his service and wishes him well in his retirement.
**Students plan to organize Muslim group**

**By GANNI GELOOON**

The Hundred Mile community sought the seed for a Muslim student organization at the university. At Florida Madhany, Qasim Siddiqi and Joseph Goodrich plan to form a group which will provide support for Muslim students and will officially establish the university's Muslim student group.

The idea was brought to the university's attention from outside the campus in 1995. But even more recently, although the group had two years, they were unable to obtain a charter and the necessary support from the administration.

Goodrich and other participants hope to form a Muslim student organization in 1996. But even more recently, although the group held two years, they were unable to obtain a charter and the necessary support from the administration.

The first 1996 meeting was held to discuss the potential for forming a Muslim student group. Although the group changed their habits of getting along with each other, they decided to continue their efforts.

The year's roundup: It was never boring

We often hear about students questioning the relevancy of everything about this year, as if they are emerging from summer slumber. And yet, for the first time, is it important to understand why so many people are nothi-
ging. Of course, it's not the last day of school for everyone, but the past eight months have witnessed a number of events that could be interpreted as watershed moments.

Our campus is divided exactly into two parts, in many ways. But underlying this division is a sense of informality among students, which is often lost in the chaos of daily life.

Join in the analysis for this computer program at the university, as a group of students who met and analyzed the psychological underpinnings of our society. The basic premise is one that has been public throughout the whole year: that we are all sharing the same environment.

The university's administration has offered students a vision of the world moving into the future. But not always in the same way. The administration is the only one who has offered a vision of the future, and not always the one that was the same way. The administration was the only one that wanted to be in the future.

Lessons of college will remain important long after graduation

SAM MCCOY

My ideal college was a place I could visit and feel connected. As I look back on the last four years, many of you have already benefited from it. It was a great experience, but it was not as fulfilling as I would have hoped.

One of the reasons is that the student body was already set in their ways. They did not want to change their habits or be forced to follow the policy so that students could learn about it. The real value of college, for me, has been the relationships I formed with professors and fellow students, not the constant nagging from the administration.

In light, the college will no longer be a place where students have to follow the rules or be penalized for not following them. The student body was always against the new Rush policy and felt that it was being forced upon them. The student body had been forced to follow the Rush policy for many years, and they were not happy about it.

The Rush policy was never a good idea, but it is now gone. I am happy that this policy is no longer in effect. The Rush policy was never a good idea, but it is now gone. I am happy that this policy is no longer in effect.

Robert Smith

Student Assistant

The Rush policy was never a good idea, but it is now gone. I am happy that this policy is no longer in effect. The Rush policy was never a good idea, but it is now gone. I am happy that this policy is no longer in effect.

Student protest

In addressing the outcome of last spring’s elections, Arthur Calwell, the Student Assistant to the President, made a number of promises to the students. First, he promised that the administration would not make any decisions without the students’ input. Second, he promised that the administration would not make any decisions without the students’ input. Third, he promised that the administration would not make any decisions without the students’ input. Fourth, he promised that the administration would not make any decisions without the students’ input.

However, many students are not satisfied with the way things are going. Some feel that the administration is not listening to their concerns. Others feel that the administration is not listening to their concerns. Still others feel that the administration is not listening to their concerns.

The Student Assistant to the President has promised to make changes to the Rush policy. However, many students are not satisfied with the way things are going. Some feel that the administration is not listening to their concerns. Others feel that the administration is not listening to their concerns. Still others feel that the administration is not listening to their concerns.
Tuition increase will hinder minority recruitment efforts

O day I was riding in a local restaurant when saw someone walk in with an armful of synchrons. I recognized the person as one of the waitresses in the restaurant. It became apparent to me that this was bringing into the other corner of the room. The restaurant was fairly crowded, but there was still space for them to seat. They walked up to a table and began to eat.

As I observed them, I realized that they were one of the many minority groups that have faced challenges in the hospitality industry. The lack of diversity in the hospitality workforce is a significant issue that needs to be addressed.

The increase in tuition costs will likely have a negative impact on minority recruitment efforts. Many minority students may not be able to afford the increased costs, which could lead to a decrease in diversity within the industry.

It is important to recognize the challenges faced by minority students and to take steps to ensure their success. This includes providing scholarships, mentoring programs, and other support services to help them overcome barriers to entering the hospitality industry.

In conclusion, the increase in tuition costs will hinder minority recruitment efforts. It is crucial to address this issue and work towards creating a more diverse and inclusive hospitality workforce.
Alumni donations: where are they going?

By Danielle Deaver

Although many are familiar with the broad goals and objectives of the Heritage and Promise fundraising campaign, few people are so familiar with the details. For example, what is the largest single donation being raised? How much money is being raised for endowed faculty positions? How much is being raised for scholarships? These are just a few of the many questions that one might ask when thinking about the overall picture of this campaign.

The Heritage and Promise campaign, which began in April 1993 and ends in 1998, has raised over $270 million to date. The campaign has four main goals:

1. To raise $270 million in new unrestricted funds.
2. To build a diversified, $300 million endowment.
3. To provide $12 million for professorships.
4. To provide $12 million for student scholarships.

The campaign has been wildly successful, raising over $270 million in just five years. The campaign has also been praised for its innovative and creative fundraising efforts.

Heritage and Promise campaign allows alumni to subsidize education

The Heritage and Promise campaign allows alumni to subsidize education in several ways. First, the campaign has raised over $270 million in new unrestricted funds, which can be used for any purpose. This money is being used to support the university's ongoing operations and to fund new initiatives. Second, the campaign has built a diversified, $300 million endowment, which will provide a steady stream of income for years to come. Third, the campaign has provided $12 million for professorships, which will bring distinguished scholars to the university. Finally, the campaign has provided $12 million for student scholarships, which will make it possible for many students to attend the university.

The campaign has been praised for its innovative and creative fundraising efforts. For example, the campaign has held a series of fundraising dinners, which have been attended by hundreds of alumni. The dinners have been a great success, raising over $1 million.

In addition, the campaign has held a series of fundraising auctions, which have raised over $2 million. The auctions have been held in New York, Chicago, and Los Angeles, and have featured a wide variety of items, including paintings, sculptures, and jewelry.

The campaign has also been praised for its innovative and creative fundraising efforts. For example, the campaign has held a series of fundraising dinners, which have been attended by hundreds of alumni. The dinners have been a great success, raising over $1 million.

**Kiss of Death transgresses clichés with strong acting**

By Bryan Thomas

The Goo Goo Dolls' new album, **'95**, is an expedition into the world of contemporary rock. In an abandoned section of a New York City parking garage, the band has created a sonic landscape that is both raw and refined. The album features a blend of emotional depth and musical innovation, making it a must-listen for fans of the band and rock enthusiasts alike.

The songs on the album are vignettes about life, in an anti-poetic, '80s anthem of clichés. In all honesty produced hooks straight out of metal songs to chant-along choruses. The punk rocker kid, without losing his trademark taste of insanity, is reminded of the traditional musical arrangements and the nodding infantry of his style. Mudhoney is back. The songs are filled with nefarious characters at the core of the albums reveal a love of art, experimentation and style. Morphine continues to break new ground by redefining traditional musical arrangements and the nodding infantry of his style. Mudhoney is back. The songs are filled with nefarious characters at the core of the albums reveal a love of art, experimentation and style.

**Lasagna offers necessary sustenance**

By Will Keable

Mudhoney dishes out sonorous sludge; Morphine smokes with sax, drums

By Daniel Chong

Mudhoney's latest album, **'95**, is a remarkable departure for the band. Gone are the days of their grungy, garage-rock sound, replaced by a more intricate and experimental approach. With several head-turning tracks, the band's sound has evolved into something truly unique.

Mudhoney's vocalist, Mark Arm, and guitarist, Tad, have pushed the boundaries of their sound, incorporating elements of jazz and blues into their music. The result is a fusion of genres that is both refreshing and captivating. The guitar work of Arm and Tad is particularly impressive, with intricate solos and riffs that are both stylish and soulful.

Morphine, on the other hand, continues to push the boundaries of traditional rock. Their latest album, **'95**, features a blend of jazz and blues influences, creating a sound that is both smooth and edgy. The saxophone playing of Bob Stinnett is particularly noteworthy, adding a level of sophistication to the band's sound.

Guided By Voices, on the other hand, continues to experiment with their sound. Their latest album, **'95**, is a departure from their usual garage-rock sound, with a focus on experimental music. The band's vocals are particularly distinctive, with a mix of gravelly and ethereal sounds.

Overall, the albums released in 1995 offer a wide range of musical styles and sounds. Whether you are a fan of traditional rock, jazz, blues, or experimental music, there is something for everyone in this year's releases.
Dance show units music, form Kiss

By Thomas D. Young

Any project for a class may have the seeds to turn into a bigger project. That's the case with "Peekaboo," as the result of one of my work in this first term. For the second quarter, the music and dance were both present, as were the lights, and the event in the Spring Dance concert, it was so different. Overall, the event was an interesting experience, and the team enjoyed working together.

From page 3

The only problem with the performance was that each number was doing something interesting at every moment, so it was difficult to concentrate on the piece in one place. We'd like to do something even more. "Small" said, "and that's the next piece." The next number was a traditional dance, with a single dancer in a black dress standing in the center of a circle of light. The dancer moved slowly around the circle, performing traditional dance steps. The music was in a minor key, and the dance was slow and graceful. The dancer was a young woman, dressed in a black dress with a white scarf around her neck. She moved gracefully around the circle, her arms and legs flowing in perfect rhythm with the music. The audience was captivated by the beauty of the performance, and clapped as the dancer finished her routine.

The performance concluded with a song and music that was so melodic, the audience was left in awe. The song was a love ballad, and the music was in a minor key. The singer was a young woman, dressed in a black dress with a white scarf around her neck. She sang in a sweet, melodic voice, her words flowing gracefully with the music. The audience was captivated by the beauty of the performance, and clapped as the singer finished her routine. The dancer and the singer were both beautiful, and their performance was a perfect end to the concert. The audience was left in awe, their minds filled with the beauty of the performance. They were grateful for the performance, and they clapped as the performers took their final bow.
Men’s Track places second at ACCs, Bloom sets record

By Chris Graham

The men’s track and field team showed plenty of depth and competitiveness as it took second in the ACC Championships.

When the event was over Saturday, the Deacons had won six of the 13 events they entered, one second place and a third place. The final score total was 147, which was 42 points behind Virginia Tech’s 209.

Head Coach John Goodridge said that was most proud of his team’s ability to win consistently.

"To tell the truth, we have actually performed extraordinarily well this season," Goodridge said of the Deacons’ 13 events in which they placed in the top two.

Seventh in the ACC championships is cross country and indoor and outdoor track and field, when a team is expected to be in their top six, but we had bad running meetings, he said. "That is a credit to our athletes."

Goodridge admitted that while the second place finish is commendable, his team was shooting for the ultimate prize.

"But also some hills and valleys. We were tied at halftime," he said.

The Deacons’ first victim in South Carolina was the University of North Carolina, but for the Deacons, as has been the case most of the season, was a very different situation.

"We were doing everything we could do, but we just couldn’t get the win," Goodridge said.

The Deacons’ first, and largest, goal of the season was to win the ACC title, and the Deacons looked as though they were going to do just that.

But, according to Goodridge, the Deacons’ hopes were crushed once again.

"We would have loved to take part in the ACC Championships," Goodridge said. "We would have loved to be in the ACC Championships the way we were, but we were unable to win the ACC title."

The Deacons also exhibited remarkable depth, scoring 3.380 points in the ACC. They put runners in the top three positions in 13 events, and overall, the Deacons were responsible for five of the ACC’s top six performances.

Bloom, the ACC’s Unsung Hero of the Meet, won the mile in a time of 3:59.49.

Goodridge also admitted the most after his team’s high finish was when he was able to make the ACC Championship, he said.

"It was a possibility of getting a waiver that would allow the university to pay costs," Goodridge said.

"There was something like that all season long," Goodridge said.

"There was a possibility of getting a waiver that would allow the university to pay costs," Goodridge said.

"But, we didn’t have the resources to do it," Goodridge said.

The ACC championships will come at the highest possible level for the Deacons, who will be able to compete in the ACC Championship meet at the University of Florida.

Deacon’s dual winner was Kyle Armentrout, who recorded victories in both the 5000-meter and 10,000-meter races.

Bloom, the ACC’s Unsung Hero of the Meet, won the mile in a time of 3:59.49.

"It’s a tough one to swallow, but we have to do it," Goodridge said.

"We’re right now feeling good because we’ve done that," Goodridge said.

"We’re right now feeling good because we’ve done that," Goodridge said.

"It’s a very difficult situation," Goodridge said.

"But, we have to do it," Goodridge said.

**Baseball team sweeps Terrapins out of College Park**

**By Bob Newton**

The baseball team swept the Terrapins out of College Park for the first time in four years.

**Scoreboard**

- **Baseball**
  - **ACC Standings**
    - **Team**
      - Chapel Hill: .715
      - Wake Forest: .667
      - Georgia Tech: .615
      - Maryland: .571
      - Boston College: .500
      - Virginia: .458
- **Roster**
  - **Name**
    - Shane Morahan, C: .402
    - Mark Melito, W: .397
    - James Kramer, C: .369
    - Jason Kramer, 1B: .252
    - Doug Mientkiewicz, SS: .251
    - Mark Melito, RHP: .233
    - Andy Bangert, RHP: .204

**Senior Rosam  Adams in action last year. Adams moved his record to 5.67 when he pitched 8.1 innings of the Deacs' 7-4 over Maryland Friday.**

**Men's golf takes third in South Carolina event**

**By Bob Galway**

The men's golf team took third in a four-team event in South Carolina.

- **Team**
  - Georgia: .715
  - Wake Forest: .667
  - Georgia Tech: .615
  - Maryland: .571
  - Boston College: .500
  - Virginia: .458

**Men's tennis loses in first round of ACC Tournament**

- **By Scott Spilman**

With a 5-2 score against Clemson in the ACC Tournament, the men's tennis team had a slim chance of winning a close match. Although the team is technically still eligible to win the 1994 NCAA Championship, it is in a state of disarray. As a result, the Deacons suffered several early losses and are struggling to keep up with the competition.

**Two**

- **BYRON GELAY**

The two's record at the University of Virginia National Airport was 5-15. The two's victory was a major move in the conference and the team will also look to the talented performances of the forthcoming spring season.

**Senior Quentin Huff combines to provide the ACC Tournament, pulling them against number three Clemson.**

- **Despite Head Coach Chris Crossland's high expectations for the tournament, the Deacons could only salvage a single point after the night's disappointing finish.**

- **The match was not won without a battle, in the face of Deacs's final 15-0 field goal.**

Meanwhile, at No. 1 doubles, freshman Mark Gannas and sophomore John Goodridge were in a fight against the top two singles players, winning 2-1 at No. 2, 6-2 at No. 3. Senior Rojan Adams in action last year. Adams moved his record to 5.67 when he pitched 8.1 innings of the Deacs' 7-4 over Maryland Friday.

Graduate Pages

Graduation is a time for looking forward to the future and what is to come, but also a time for remembering where we came from and who we were...

Rian Hankins
Charlita & Chareba Cardwell
Heather Hanes
Jacqueline Johnson
Charles Baum
William Caddell
Mark Melito
Wake Forest University
Class of 1995

Benedetta Agnoli
You have made the sun rise over our Corcovado. Orfeu will always sing for you.

Matthew W. Beardall
Graduation marks the end of where you've been, the beginning of where you'll go. Congratulations, Mom & Dad.

Diane E. Burke
Wake Forest - To leaf or not to leaf? That is the question!

Leslie Bacque
Even at 2 you were taking charge of the class. Keep it up!

Victoria Bowden
"The strongest foundation for one's life and cornerstone for reality is often a dream."

Anna Laurel Caldwell
The first of a third generation - proud to be a Deacon!

Laura Brooke Bagwell
Always choose a positive attitude. People are drawn to those who make this choice.

Amy F. Boyer
If love can be a measure of success, you are already a wealthy person.

Ashley Elizabeth Cannon
We love you and are so proud of you. Dad, Mom, Jean & Laura
I feel happy, but how do I know I'm really happy?

There is no duty we so much underrate as the duty of being happy.

Congratulations, Kate! Best of luck now and always. Love you, Mom, Dad, Melissa and James.

Congratulations on four wonderful years!

The future is what you make it.

Embrace each new chapter in life with eager anticipation, enthusiasm, flexibility and faith!

We couldn't be prouder.

Amelia- Love and laugh. Give family your most precious possession—your time.

Love, Your Family
Wake Forest University
Class of 1995
