Rev. J. A. Kahler

Born 1920 and passed away in 1970. Began ministry in the slums of Philadelphia, Pa., while attending Bible and Medical School in that city. When health would not permit to go overseas as a Medical Missionary, I made a vow, "that I'd go where other preachers did not want to go", a vow that I kept until death. During my ministry, I started or reopened some 30 churches and three missions. Was active as a witness until the hour of death. Was a witness for the Lord in the medical, ministry and teaching aspects of the Lord's work. Our two sons are deacons in their church.
