Have you ever wondered why people do what they do? Have you ever questioned why opposites attract...then attack!

Why do some people see a glass and say it’s half-empty while others see the same glass and say it’s half full, or say “you’ve got the wrong size glass!”, or “I don’t care—I’m not washing it!”

Why are some people very task-oriented while others are more people-oriented, and others are outgoing and fast-paced while some are reserved and slower-paced?

The answers to all these questions and more will be discovered through the Personality Insights Seminar, on September 27, 1997 Saturday 9 a.m. to 3 p.m.

Dr. Robert Rohm, president of Personality Insights, from Atlanta, Georgia, will lead the seminar focusing on the science of human behavior and the art of motivation. He has conducted training for companies such as Merrill Lynch and Chick-Fil-A, public and private schools, plus many of America’s largest churches.

Dr. Rohm has been the guest on the Moody Network’s “Primetime America,” “100 Huntley Street” television program in Canada, Charles Stanley’s “In Touch,” James Kennedy’s “Truths That Transform,” “Psychology for Living,” and numerous other television and radio talk shows nationwide.

Having the information from the seminar will equip parents to better guide their children. Adults can complete a “Personality Profile” to receive insights about their own unique personalities.

Pastor Alan McAlister explains, “Everyone has a predictable pattern of behavior known as temperament. By identifying these ‘hot buttons’, relationships can become more effective.”

Zig Ziglar, one of America’s foremost authors and motivators writes, “Dr. Rohm is one of the clearest communicators I have ever heard. These truths will change your life.”

To register for the September 27th Personality Insights Seminar, or for more information call Central Baptist Church at 492-4215.
Central Baptist Church plans seminar
