Dr. Julian Burroughs
Box 7405, Reynolda Station
Winston-Salem, N. C.

Dear Julian:

Thank you for sending me a copy of your recent letter to President Scales and the other material having to do with our presentation to the Federal Communications Commission. It seems to me that you have handled this affair in an admirable way, and I certainly hope that eventually we will have our station again at full power. Please let me know if at any point I can be of help.

Sincerely yours,

Ed
