

MEMORANDUM

Job 513

To Mr. Buckley

WINSTON-SALEM OFFICE

November 18, 1927

I am attaching hereto a receipt in triplicate for use in connection with the return of the Dale Metal Centres and End Caps which are to be delivered to Frank L. Blum & Company for account of Concrete Steel Company.

Please check the loads against our list and if you find any discrepancy, please advise me at once.

I have arranged with Jenkins Transfer Company to call for this material and to deliver same to Frank L. Blum & Company some time Monday, November 21st. Please be sure to impress upon the driver that he is to ~~give~~ a clean receipt for all the items sent to Blum.

Re: Bowman Gray Residence - Winston-Salem, N.C.

Gentlemen:-

Referring to partial footing layout blueprint which you sent us some days ago, we note that your layout differs in several instances with the structural engineer's drawings with respect to bar requirements. Please check your layout against the structural drawings and note the omissions. We will appreciate receiving a corrected layout by return mail.

When revising your drawing please be sure to identify the various sections by letters or numerals. We find that in some instances on the present layout the sections are not so identified.

Also, please send us the remainder of the footing layout as soon as possible. We are preparing to pour concrete the first of the week and are anxious that there be no delays with respect to either drawings or steel shipments.

Your promptness will be appreciated.

Very truly yours,
NORTH-EASTERN CONSTRUCTION COMPANY

Gentlemen:

Regarding above mentioned job.

We wish to advise that we will forward 1st and 2nd floor placing plans on 3-8-28 and the Attic placing plans on 3-15-28.

If this is not satisfactory, please advise.

Gentlemen:

In reference to the above mentioned job, will you advise whether or not you are going to build the Swimming Pool at the same time you build the first floor?

We sent you two prints of our drawing number 2227-1 showing the reinforcing in the footings and the basement walls and sheet 2227-2 showing column schedules. These prints have been forwarded to you for the Architect's approval.

Very truly yours,
CONCRETE STEEL COMPANY.

Re: Bowman Gray Residence
Winston-Salem, N.C.

Gentlemen:

Your plan 2227-3 showing first floor framing is approved with a few minor exceptions which are immaterial. A copy of your plan showing necessary addition of a few rods will be sent you tomorrow.

It is noted, however, that you have made no lay-out for the swimming pool as yet. This reinforcement must be placed at the same time as first floor construction.

Please do not delay the shipment of the first floor steel any longer than is necessary. We are practically stopped right now waiting for wall steel. Will appreciate your getting right on this job and making shipment just as quickly as possible.

Very truly yours,
NORTH-EASTERN CONSTRUCTION COMPANY

MEMORANDUM

7-23-2500s-No. 1

Job 519

WINSTON-SALEM OFFICE

To Mr. C. J. Buckley

August 24, 1928

Dyson has returned Concrete Steel Company's Drawing No. 2227-5, with the following letter:

"I am returning herewith two prints forwarded to me, with your letter of the 14th inst., with the location of beams B-3 and B-4 marked in red.

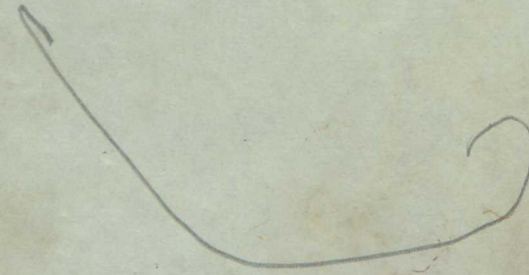

"The inclusion of joists J-26 in the schedule is probably due to some last minute revision and it was neglected to take them out of the schedule as I can find no place on the plan where a joist mark is omitted."

I am sending you this drawing herewith.

Please transfer Mr. Dyson's notations on your copy of Concrete Steel Company's drawing, and return one to me so that I may send it on to the Concrete Steel Company.

I find that we neglected to send you copies of quantities of pans and chair spacers shipped by the Concrete Steel Company to the above job. I am enclosing these sheets herewith.

Mr. Beaton and Bro. Members
Gentlemen:

I had a lengthy talk with Mr. C. J. Buckley to-day, Mar. 12, 1930, as to what agreement we could come to, as to employing some of your members.

To enlighten you as to conditions on this job, it is solely time and material basis and absolutely no contract what so ever. He assured me that if your members came up to standard he has no objections in hiring them.

Mr. Buckley is in full charge and he advised me to get in touch with your business agent and get two (2) of your members to work. Mr. Weaver and Mr. Rusk with whom I will get in touch. He also told me he would put 4 of your members to work on the outside of this machine which I consider a very fair proposition in your locals favor.

It is also understood that all men will be hired directly from the local and the job shall not be disturbed. I want to again call to your attention that I have previously stated that this is not a contract job and your wages will be your present scale of seventy five (75) cents per hour.

I trust your members will give this letter due consideration as I consider it very favorable under the present conditions.

Yours sincerely,

E. J. Moran,
Paint Foreman to Mr. Buckley.
